

BAY VIEW ASSOCIATION OF THE UNITED METHODIST CHURCH

Railway Corridor Policy

The purpose of this policy is to protect and preserve the Railway Corridor from any development or changes including, but not limited to, the addition of structures, roadways or paths. The Railway Corridor can be defined as the natural areas, green spaces, shoreline, and improved areas along the path that was previously encumbered by railroad tracks, ties and track bed spanning from Boulder Avenue to Division Avenue. The Railway Corridor is intended for the enjoyment of all Bay View members and their families and guests. Except for an infrastructure emergency deemed necessary by the Board of Trustees, any change to the Railway Corridor would require a membership vote.
