

**Note:** Sketch shown above is meant to correspond with the Cutting Guide. It does NOT represent specific designer papers.

**INSTRUCTIONS**

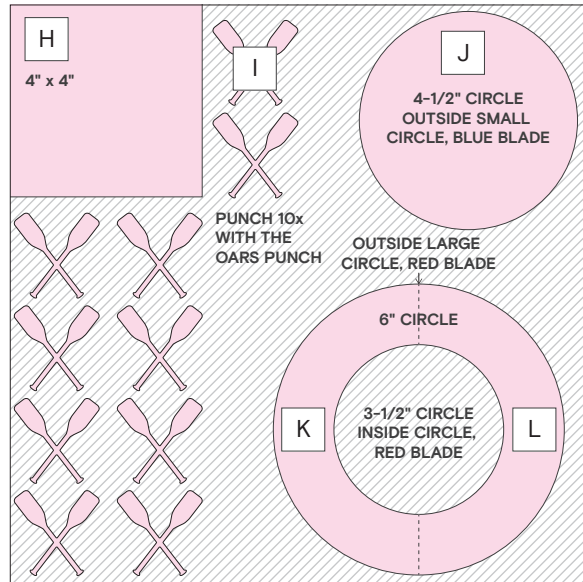

1. Use two sheets of designer paper for the base pages.
2. Use the 12-inch Trimmer and Custom Cutting System to follow the Cutting Guide with designer paper and Bright White Cardstock.
3. For Cutting Guide #1, use the inside of the medium Circle CCS Pattern with the Blue Blade to cut five 2" circles.
4. For Cutting Guide #2, use the outside of the smallest Circle CCS Pattern with the Blue Blade to cut a 4-1/2" circle. Create a 6" ring using the outside of the largest Circle CCS Pattern with the Red Blade, then without moving the CCS Pattern, cut the 3-1/2" circle from the center using the inside of the pattern with the Red Blade. Cut the ring in half using the 12-inch Trimmer.
5. For Cutting Guide #3, use the outside of the smallest Circle CCS Pattern with the Green Blade to cut a 4-1/4" circle. Cut another 6" ring following the same process as explained in step 4. Use the All-Purpose Scissors to cut the ring into 5 sections, approximately 1-1/2" wide with sides tapering inward.
6. Use the Tape Runner to adhere piece A along the left edge of the left page. Adhere piece B along the top of the right page.
7. Use the Repositionable Tape Runner to adhere an oar punch (piece O) on top of circle pieces C-G, then arrange and adhere them onto piece B as shown.
8. Adhere pieces H and L over piece A as shown, followed by pieces U and T on top of piece L.
9. Adhere the straight edge of piece K along the bottom of the right page as shown, followed by pieces Q-S on top of piece K.
10. Adhere 10 oar punches (piece I) evenly around piece J, followed by piece P centered on top of piece J. Adhere the assembled oar frame to the right page as shown.
11. Create a 4" circle photo by cutting along the outside edge of the smallest Circle CCS Pattern with the Red Blade. Adhere photos as shown. Optional: Use the 2-Way Corner Rounder to round the top corners of the upper photos and the bottom corners of the lower photos as shown.
12. Optional: Apply stickers using Foam Squares to add dimension and journal over piece H as desired.
