

**Note:** Sketch shown above is meant to correspond with the Cutting Guide. It does NOT represent specific designer papers.

**INSTRUCTIONS**

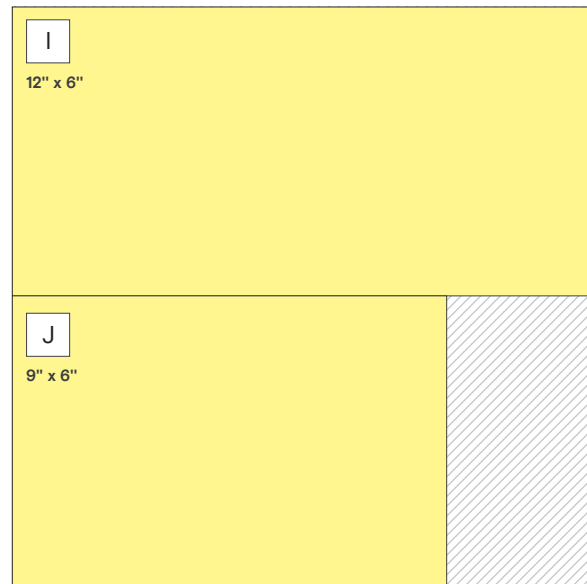

1. Use two sheets of Bright White Cardstock for the base pages.
2. Use the 12-inch Trimmer to follow the Cutting Guide with designer paper. For Cutting Guide #1, use the Circle Punch to punch 1-3/4" circles, then trim in half. Alternatively, use the Custom Cutting System with the smallest Circle CCS Pattern and cut along the inside edge with the Red Blade. Note, circles created with the CCS will be slightly smaller.
3. Use the Border Maker System and Dragonfly BMC to punch along the long edge of piece N then trim to 1" wide. Flip remaining piece to the reverse side and repeat to create another 1" punched strip. Trim both strips to 6".
4. Use the Tape Runner to adhere pieces A and B along the top and pieces C and D along the bottom of both pages as shown.
5. Adhere piece I 2-1/4" from the top of the left page. Use the Repositionable Tape Runner to adhere the straight edge of one punched strip N along the left edge and over the top of piece I.
6. Adhere pieces K and L centered above and below piece I as shown. Optional: Trim and apply a border sticker along the bottom of piece L.
7. Adhere piece F above piece I 2-1/4" from the right edge and on top of piece K. Adhere piece G below piece I, aligned with piece F and over the top of piece L.
8. Adhere piece M along the left edge and 1" from the top of the right page. Optional: Trim and apply a matching border sticker along the bottom.
9. Adhere piece J 2-1/4" from the top and along the right edge of the right page. Use the Repositionable Tape Runner to adhere the straight edge of the other punched strip N along the right edge and over the top of piece J.
10. Working right to left, adhere six half circles (H) along the top of piece J and six along the bottom as shown.
11. Adhere piece E on top of piece J.
12. Adhere photos as shown.
13. Optional: Apply stickers using Foam Squares to add dimension and journal as desired.
