COMPANY OVERVIEW

Welcome to our company, a leading general trading company that has been providing high-quality products and services to customers worldwide , we understand the importance of providing our customers with access to a wide range of commodities. That's why we specialize in importing and exporting products such as sugar, oil and gas, urea, gold, cars, and many others.

Our team of experts has extensive experience in the trading industry and is dedicated to ensuring that our clients receive the best possible products and services. We work closely with our suppliers to ensure that we only offer products of the highest quality at competitive prices.

If you're looking for a reliable partner to help you source and trade commodities, look no further than our company. We are committed to building long-term relationships with our clients and providing them with exceptional customer service every step of the way.

ABOUT US

Al Hawamdeh General Trading FZC is a leading fuel trading company based in Ajman Free Zone, established in 2015. Our primary focus is on marketing and distributing refined petroleum products. Over the years, we have become renowned for our capabilities as a fuel reseller, delivering premium-quality products to meet diverse fueling requirements. With flexible marketing policies, delivery schedules, and round-the-clock operations, we ensure prompt and reliable supply.

As a prominent fuel trading company, Al Hawamdeh General Trading FZC has gained recognition for its expertise in marketing and distributing refined petroleum products. We source and supply high-quality diesel, gasoline, aviation fuel, and kerosene to renowned establishments and prestigious projects in the UAE. With a well-maintained fuel supply fleet and experienced personnel, we guarantee the best and prompt service to our customers.

In addition to fuel trading, Al Hawamdeh General Trading FZC is actively engaged in sugar trading and commodities. We specialize in the import and export of ICUMSA 45 Cane Sugar, a highly refined sugar suitable for human consumption and various food applications. Our sugar trading division ensures reliable sourcing, quality control, and timely delivery of sugar to meet the demands of our clients worldwide.

Premium-quality diesel fuel and reliable service are known for, with a well-maintained fuel supply fleet and experienced personnel. A health, safety, and environment policy is in place to ensure a safe working environment for all employees and to encourage and appreciate every employee's contribution to the overall company objective. Quality control procedures are also in place to continuously improve its quality control procedures in accordance with the government's regulations by Al Hawamdeh General Trading FZC.

HEALTH, SAFETY AND ENVIRONMENT POLICY

To be the best diesel supplier in UAE, providing quality diesel products and services to our valued customers, guaranteeing customer satisfaction on all performance indices. To ensure a safe working environment for all employees. To encourage and appreciate every employee's contribution to the overall company objective. To identify, assess, manage, and minimize HSE risks before commencing all activities, projects, and services. As a top fuel supplier in the UAE, we want to set the right example and apply standards that meet or exceed relevant local legislation, regulations, federal laws, and community expectations. Continually improve our HSE performance by regular monitoring and review and by establishing goals at all levels within the Company. Reduce wastage and prevent pollution from our activities (wherever possible). Lead, train, and motivate our people and our subcontractors to work safely and responsibly.

QUALITY CONTROL

Al Hawamdeh General Trading FZC understands that product quality is very important to maintain our customers' satisfaction. Therefore, the company has been taking steps to continuously improve its quality control procedures in accordance with the government's regulations. The quality control procedures in petroleum distribution are as follows: Al Hawamdeh General Trading FZC obtains petroleum products from major international oil traders. Product specifications are in accordance with the standards set by the government. Al Hawamdeh General Trading FZC distributes petroleum products from the refinery to the petroleum hub/tank terminal using specialized oil tanker, with high standard of safety level for dangerous petroleum products. Al Hawamdeh General Trading FZC stores the petroleum in tank storages with high safety level standard. Al Hawamdeh General Trading FZC re-exports the products from tank terminal to its customers using specialized petroleum vessels that could ensure zero level of products
