The Director of Finance will also liaise with the company's CPA for financial reporting and tax preparation, ensuring accuracy and efficiency in all financial matters.

### Responsibilities and Duties:

- Oversee and manage the company's financial operations, including invoicing, payments, and accounting procedures.
- Collaborate with the CEO to execute payment transactions and financial decision-making processes.
- Manage the preparation and presentation of financial reports, including income statements, balance sheets, and analyses of future earnings and expenses.
- Ensure compliance with statutory law and financial regulations across all financial operations.
- Work closely with the company's Certified Public Accountant (CPA) to ensure accurate financial reporting and efficient tax preparation.
- Develop and implement strategies for minimizing financial risk to the company.
- Conduct reviews and evaluations for cost-reduction opportunities.
- Oversee the management of company budgets, financial forecasting, and cash flow for administration, existing projects, and future planning.
- Implement robust financial systems and processes to improve efficiency and transparency.

## Qualifications and Skills:

- Proven experience as a Director of Finance or similar role, with a strong background in corporate financial management and accounting.
- Strong knowledge of corporate finance and accounting principles, laws, and best practices.
- Solid understanding of financial analysis and forecasting.
- Proficiency with financial software and MS Office; experience with accounting software and databases.
- Excellent organizational, leadership, and communication skills.
- Ability to work closely with senior executives and contribute to strategic planning.

## Company Details:
