and can prevent dust, pollen, and external toxins from entering your home.

**M**udrooms and entryways should allow your guests to arrive in a stylish space that welcomes them and provides a transition from outside to inside. The mudroom is a place to deposit coats, shoes, and books

Furniture options in this space—where family and guests shed dirt they bring in from outdoors—should include closets, cubbies, and benches. Floors should be as “cleanable” as possible, especially for those with children in the home.
