

Material Safety Data Sheet for FFAu Standards

Product Name: FFAu Standards

This product does not contain any hazardous components above 1% or any carcinogens above 0.1% as defined in 29 CFR 1910.1200, the OSHA Hazard Communication Standard. Therefore, a Material Safety Data Sheet is not required. We recommend treating all chemicals with caution.

Freezer Storage required after receipt. Protect material from light. Use under nitrogen or argon except for brief periods.

Not Hazardous, Not Toxic, Not Flammable

This material is sold for research purposes only and is not required to appear in the TSCA inventory. It is not intended for food, drug, agricultural or any other use. Its use must be supervised by a technically qualified individual experienced in handling potentially hazardous chemicals. The above information is correct to the best of our knowledge. FFA Sciences will not be held liable for any damage resulting from handling or contact with the above product. For additional information please contact FFA Sciences at (858)-455-3776.
