UNLOCK THE WELLNESS WITHIN YOU

His / am Pilar

Last year in Spain, I was invited to a conference about holistic wellness, health and conscious wellbeing. It was when I first heard about these natural, high quality supplements.

Nowadays, I consider myself a big fan of these products, zero toxins or heavy metals. That's why I am sharing this info with you. I think it's worth it to read and learn about its wonderful benefits and of course to try it!

Welcome to Lifeplus World

Designed to cleanse, nourish, and protect the body at a cellular level, Lifeplus products are recommended by some of the world's most knowledgeable doctors.

Dr Dwight McKee, an oncologist, co-author of bestseller AFTER CANCER CARE. Pioneer and co-founder with extensive clinical experience in integrative medicine, and pharmacist Bob Lemon, founded Lifeplus 40 years ago with the vision of creating the very best nutritional solution.

Lifeplus is 100% high-quality. The supplements with no cellulose covering are manufactured in cold so as not to denature the enzymes, and synergistic formulas to ensure correct assimilation of micronutrients.
