Just had a shed built on site today. I am so pleased with the shed. The quality is top notch.

The men were very nice and they treated my property with the utmost respect. They made sure everything was picked up clean. And they are very competitive on price too. I would not hesitate in using Buckeye Structures for any of your needs.- Michael T.

WHAT OUR CUSTOMERS ARE SAYING:

We purchased a shed from Buckeye Structures. It really is a beauty. I can't tell you how happy we are with it. When we purchased the shed, we were told that we could make changes right up to the end, which is exactly what I did. I asked so many questions, and Marsha answered all of them. Thank you, Marsha. Marvin and his crew did a wonderful job building our shed. I can't say enough good things about the quality of work and their outstanding customer service. They were awesome to work with. I highly recommend them. Thank you,

Buckeye Structures!
