Important notes:

- We discussed with TJ that players with a 36+ handicap and 75+ years of age can play from the yellow tees on the par five holes on the Emerald and Gold for scrambles and Ho'okipa. TJ agreed.
- Blue Course players aged 36+ and 75+ can play from the blue tees. We asked TJ if holes 11 and 17 could be marked for the scrambles. TJ thinks it is possible and will get back to us about marking those holes for these players.
- TJ will provide an aeration schedule for each course on May 9th.
- New tee time software is expected to be in place by May 6th. However, for security reasons, there is no way to access their system. This answers the question for Wahines who book a tee time less than a week in advance: No. They should book ahead and cancel at least one day before their tee time.
- The Golf Course has the right to move any of our events due to:
 - Larger events and the golf course can offer other dates and courses
 - Unknown issues that surface
