# MY STANDARD HOME INSPECTIONS

As a Louisiana Home Inspector, I adhere the comprehensive Standard's of Practice that was set forth by the Louisiana State Board of Home Inspectors. This means that I will inspect the visible and accessible structure, systems and components of the home, inside and out, from the roof to the foundation, using the most up to date tools and technology.

Following my inspection, I will compile my findings in an easy to read report, which will include descriptions and photographs of any issues that I find. I will send you your report, if there would be any questions I will be available until you understand everything in it.
