

Interfaith Earthkeepers Event Calendar Guidelines:

We can post your event here if:

1. The event focuses on Earthcare or Creation care - educating, advocating, or taking action to benefit nature in some way.
2. It is (preferably) a local Eugene - Springfield event, or at least within Lane County.
3. A local faith community is hosting, sponsoring, or closely supporting the event.
4. It must be a peacefully run event.

Please send a brief description in the body of your email* including what, where, when, the name of the faith community that is involved - and how you are involved, to interfaithearthkeepers@gmail.com.

*We might be able to post fliers on our website, but a flier makes it hard to copy and paste a description.

Also, let us know if you are on our email list, or would like to be added, for Interfaith Earthkeeper updates.
