Solar Rebates and Tax Credits

Tax Credit from the IRS

The federal Investment Tax Credit (ITC), has been extended. Owners can deduct a percentage of the cost of new residential and commercial solar from their taxes:

Tax credits in 2019 for customers of one major installer averaged:

\$5,000

The future credit % will be reduced:

- 2020: 26%
- 2021: 22%
- 2022: 10%
