Madonna was having a little fun with Instagram on Wednesday.

The 57-year-old singer posted an image where her head was superimposed on a woman's body as she lay in a bathtub full of donuts.

The image of her head was taken in the 1990s. And the mother of four captioned the shot: 'Still Deserve Donuts!'

Out and about: Rocco Ritchie was spotted getting iced coffee with a friend in New York City on Tuesday

Meanwhile, Madonna's private life has been hitting headlines lately.

Her custody battle with ex-husband Guy Ritchie erupted in December when it was revealed that Rocco was refusing to fly home to be with his mother.

Madonna appeared in New York Supreme Court just days before Christmas where she revealed that her son wanted to stay with his father in London despite her insistence that he return to Manhattan.

Ritchie's lawyer: 'Rocco is living in England and very happy'

Battle: Madonna appeared in New York Supreme Court just days before Christmas where she revealed that her son wanted to stay with his father in London despite her insistence that he return to Manhattan

The judge in the case ruled that Rocco must return to the United States by the following month.

At the same time, Madonna filed an order in London under international child abduction laws asking that Rocco return home.

Madonna has three other children, 10-year-old Mercy James, 10-year-old David Banda Mwale Ciccone Ritchie and 19-year-old Lourdes Maria Ciccone Leon.

Rocco was spotted out and about in New York City with a friend on Tuesday.
