

The SYLLABUS OF COLOR 2024 Student Exhibition

Program Overview

The Syllabus of Color initiative is a comprehensive effort to tackle systemic disparities and to engage families and cross-sector community partners to implement the principles of diversity and inclusion in art education for under-representative middle and high school students. Throughout this program, college students attending Ringling College of Art and Design studying the arts will serve as student teachers. As young ambassadors, they play a fundamental role in encouraging students to explore and participate in all forms of art.

An exhibition offered by

Suncoast Black Arts Collaborative and
Sarasota Art Museum
in partnership

**To inspire, encourage, support, and
engage students in the visual arts.**

Exhibition artworks by youth ages 10-18
from

Sarasota County Schools, Sarasota Housing
Authority, Roy McBean, and Newtown
Estates Boys & Girls Club of Sarasota
