

Dear Friend,

Curator's Alliance – Suncoast Black Arts Collaborative is creating the entry space for emerging artists and donors to join in settings that foster intimate and thought-provoking conversations. This includes Curators Coffee Chats, presence at exhibits, receptions, and block seat offerings at theater events, with after event discussions. The genesis of the Curator's Alliance is to bring generational people together of diverse backgrounds with a common interest, performing and visual arts based upon diversity, equity, and inclusion.

I am delighted to enclose your opportunity to join an intimate group of caring, creative, and innovative people, our Curator's Alliance. It is much more than the benefits we provide on the enclosed documents; it is your way of becoming an art activist. It also is the sound of one voice, made from many. Black Lives Matter and Black Art Matters.

Let us inspire you today and every day with the most formidable form of communication, art. Please join our Curator's Alliance and by joining, you will be creating the next level of the house we build together.

Warm regards,

Michele D. Redwine
Founder and President
Suncoast Black Arts Collaborative
