

Jason R. Shedd BBA, RRT-NPS

Market Director Atrium Health Floyd

Profile

Respiratory Therapist with 24-years' experience shared between acute care facilities and rural access hospitals. As a leader, I aspire to grow others within their perspective roles through mentorship and organizational change. My mission is to empower colleagues and peers within our profession. Hence, cultivate desires for those in the Respiratory Profession to have a voice at a regional, state, and national level.
