

Jason R. Shedd BBA, RRT-NPS

Market Director Atrium Health Floyd

Candidate Position: North Regional Representative

What motivated you to run for office within our organization? Can you share the specific goals or ideals that drove you to take on this leadership role?

The profession of Respiratory Therapy has provided me the opportunity to accomplish personal and professional goals throughout my career. I'm compelled to empower our colleagues to challenge the norm and strive to excel. There is power in numbers and RT's deserve a voice in the future of healthcare in Georgia.

In your opinion, what unique skills, experiences, or perspectives do you bring to the table as a candidate for office in our organization?

Twenty-four years in the Respiratory field combined with an extroverted personality has afforded me a diverse portfolio of skills, both clinically and within perspective leadership roles. Expanding the scope of Respiratory Therapist is a passion for me as I currently support a RT driven Vascular Access Team within the Northwest Georgia market.
