FREQUENTLY ASKED *Questions*

Do I get to pick which nannies attend my event?

In an effort to keep these services affordable and fast-paced for our Corporate Clients, we carefully curate Hive Nannies for your event on our own based on our nannies' availability and your general criteria. If you have a specific request, please do not hesitate to let us know upon booking.

Am I in charge of paying the nannies at the end of the event?

We keep things hassle-free by sending you a final invoice detailing each nanny's hours within 24 hours of your event. After you've paid your invoice, we take care of our nannies' paychecks on your behalf. You'll have an opportunity to leave any additional tips at this time as well (100% of tips go directly to the Hive Nanny).

Can you explain the placement fees vs the hourly rates?

Absolutely. Placement fees are nonrefundable booking fees for utilizing our services. This payment is due upon hiring us to curate childcare for your event. The hourly rates are hourly rates per sitter at your event. If you have more than one sitter, you will be invoiced the hourly rate listed in your package times the number of Hive Nannies you had at your event. This final amount will be sent in an invoice within 24 hours after your event and will be due within (5) days.

Can I book for a multiple-day event?

Yes! Please email us at contact@hivenannyagency.com for quotes for multiple-day events.
