

NOTE: THERE ARE MANY ROADS OFF TO THE LEFT,
KEEP TO THE RIGHT ALL THE WAY

BLM
SAME AS MARKER C7212 (YR 2007)
(COOLGARDIE RD)

Follow signs to the claim. There is a " School Bus Stop" sign at the intersection of Irwin Road and Copper City Road. A good map to use if you are not sure is the Auto Club for San Bernardino County.

Also Ref; "MUD HILLS" Topo MAP

Take highway 15 to Barstow and exit at Barstow Road. Take Barstow Road north to Main Street. Barstow Road dead ends into Main Street. Go west (left) at Main Street to First (1st Street). There is a Starlight doughnut shop at the north west corner of Main and First. Go north (right) at First. You will cross over the railroad yard, pass the old Harvey House/Railroad Museum and cross over the Mojave river. After crossing the river turn left at the first road (Irwin Road). You will again be traveling in a northerly direction. At the next inter section there is a mini-mart and service station on the left which will be your last chance for gas or supplies. Continue north at this stop sign and at the next which is only a short distance ahead. Be careful as you drive this Road as there is some very bad curves and small hills. After you cross the hills the road will make a long sweeping curve to the right. You will pass the Rainbow Basin turn off (Fossilbed Road) on the left. The next Road is Copper City Road (just pass a schoolbus stop ahead sign). Turn left at Copper City Road. This is a dirt road but it can be very busy. Go north on Copper City Road and after cresting the small range of hills and after starting down hill look for a white sign on the left which states "GPAA claim Two Quartz" and /or the BLM route Brown Marker C096. Turn left on C096 and continue to claim. (You are now on Coolgardie Road) Note: many roads intersect, keep bearing to the right.

Some approximate mileages are: From second stop sign at Hwy 58 and Irwin Road to Copper City Road, 6.3 miles. From Irwin Road to C096/ GPAA sign, 6 miles and From C096/ GPAA sign (Coolgardie Road) to Two Quartz claim, 4.0 miles. You will see the Two Quartz sign.

To find the 4 mules claim continue on until a fork in the road, bear right (this is a wash) follow the road to the next fork in the road(you will see white posts ahead), bear right(there is a pile of old tires on the left) and follow the road bearing right to the large Joshua trees, (camp ground is to the right at the trees), 1/4 mile from Two Quartz signs to white posts and 1/4 mile north from the white posts to the camp ground area.
