Conductors Comments

By Walt Mulford, President

We are going to have a complete circuit of the back track, starting with the Lane County Fair, due to all the hard work done by the modular committee on the back track lift bridge. Our modular committee chairman Noah Russel is doing his usual most excellent quality work in maintaining high standards in the track alinement and bridge function leading to a lot of fun operation on the back track for years to come. We can develop some switching "jobs" from the yard to different industries on various modules. A signup sheet could be developed so an individual or pair of operators could act as engineer and conductor to set out and pick up cars. Getting some switching run time in could be a lot of fun. I would like to know ahead of time what modules are on the layout so as to make up a switch list. Arrangements could be made with module owner to use their cars or replace the owner's cars with some of the operator's cars or a little of both. Running at local train speeds (20, 30, 35mph) would look and feel like a local or switch movement. I've given some ideas on how the back track could be used, now let's hear from club members how you would like to operate on the back track. Most of all let's have some fun.

Walt M.

Membership Matters

I would like to thank Greg Kent and Jim Saville for covering for me while on vacation with family.

We have one new member that joined our club during the June meeting. Meet Mr. Chuck Maley. Chuck is interested in "O" scale and has a special interest in On30 dead rail.

Welcome to our club Chuck. You are just in time as we are running "O" scale at the Lane County Fair.

At our July meeting we will be handing out passes for those that have signed up for run times at the Lane and Benton County Fairs.

We still have run time available at both fairs so if you are interested, sign up for set up or tear down and run time. These are among our biggest events of the year.

You will hear more about these events at our next meeting.

See you on July 12, 2025 at the Springfield Depot.

Gary Schwieger

Membership Chair

SWAP MEET

Battle Ground H.S.

Hosted by: Southwest Washington Model Railroaders
Train Club

Saturday September 27th, 2025
