PROPTech HUB WA CO-WORKING & OFFICE INFORMATION 2023

The purpose of having several office locations around Perth CBD, Perth Metro and Regional WA is to provide members with choice and increased capability.

Basic services such as utilising a co-working desk, connecting to wi-fi and sipping on a fresh coffee or tea while you get business done is included. When you sign up, you'll receive PropTech Hub WA coupons, and you're good to go.

Additional services that are unique to each location are paid directly to the locations operator at your discretion.

You're welcome to contact the PropTech Hub WA team if any issues arise and each of our locations operators are here to help, and provide you with a quality service. We're also here to help you with your bookings.

We are doing our best to bring on more locations and are aiming for 20+ options for you. Across Perth CBD, Metro and Regional WA. Please note, that it's possible for an operator to stop usage with just 28 days notice. As it's their property, we can't prevent that from happening. However, we'll keep doing our best to keep everyone happy and expand office options for you.

Office Locations

Keep up to date with our office locations and the information relevant for each office here <https://proptechhubwa.com.au/office-locations>

Your point of contact if any additional service bookings, concerns, or ideas:
