

Soufflenheim birth records (civil records; September 1792 through December 1862)

Transcribed by Mark Drexler (completed June 2019)

The children's surnames herein use standardized spellings, but the spellings used in the records are also shown (given names, also, are shown 'as found').

Dates herein are usually the record dates, any of which might be a day (rarely more) after the exact birth date. If an exact birth date is required, it can be found in the record.

Columns in the transcriptions:

- Page number; location of the record in the source material, which is found in 'virtual books' in the on-line presentation of the Bas-Rhin Archives
- Date per the French Republican Calendar, where originally used.
- Date per the modern calendar; converted from the FR calendar when that was used, or as originally recorded in the majority of the records.
- Child's surname at birth; standardized spelling
- Child's given name, spelled as read but omitting diacritical marks.
- Father's name, spelled as read but omitting diacritical marks
- Mother's name, spelled as read but omitting diacritical marks
- Other information found in (or beside) the record; information in brackets is from elsewhere.
