It is brought to knowledge of all that according to testimony by the vicar, the mayor, and other witnesses, the father has promised on the 20th May of this year that his two children by his first marriage should receive (so Mathis and Gertrudt Kieffer) a sum of 20 gulden previous to any partake of his property. Against this the widow Maria Frey says that according to the widow's agreement the deceased had mentioned that on the day of his death his two children by his second marriage, so Hans Georg and Hans Jacob Kieffer, would receive their second share on all property. As the children by the first marriage protest against this disposition, and feel that 20 gulden are indeed due to them, the decision has been that the named 40 gulden will be paid the half in 14 days, the rest on St. Martin's Day next year; plus a viertel field will be given to them in the district Niederhoff, plus one cow, and that they will so feel themselves satisfied. As they did accept, the widow is guaranteed to live in the farm her life long, allowing her to have enough for living, clothing, in all security. And have the named undersigned the record written on the 16th June 1701.

Signatures: The mark (an X) of the widow, the mark of the guardian Philipp Kieffer, the mark of Mathis Kieffer, the mark of Adam Hiekels, Hans Peter Dobler, Hans Jacob Zettwog, Hans Jacob Scheffter, Bernauer.

Addendum To Inventory: Compared the right honorable Mathis Kieffer burgher of this place, in Soufflenheim, and with him Hans Jacob Zedwoch husband of Gertrudt Kieffer, declare that according to the terms accepted on occasion of their father's death, their portion of the estate has been paid to them to the amount of 30 gulden, and they give discharge of this receipt. The last 30 gulden or 60 livres tournois will be paid to them by the widow between now and next Christmas. With this they will consider themselves as satisfied and undersign this in presence of Johann Jacob Scheffter, the mayor, and Peter Dobler.

Signatures: The mark of Mathis Kieffer, Hans Jacob Zettwog, Hans Jacob Scheffter, Hans Peter Dobler, Bernauer.

Same he Philipps Kieffer also promises to Mathis Kieffer three additional small pieces of land in the same district.

Same he Philipps Kieffer promises to the children of his deceased brother named: Mathias Kieffer, Hans Georg Kieffer, Jacob Kieffer and Gertrude Kieffer, two pieces of land in the district named Girlenfeld on the Rountzenheim's way, one side is Hans Peter Dobler, the other side abuttings and Diebold Metz's heirs, below and upper side are endings.

Same he Philipps Kieffer promises to the same his deceased brother's four children one piece of land in the district Hungerfeld: One side Joseph Burgerts, the other side Simon Uhrich, above is the Lichtenberg, down side a path. This property will be divided between the four of them at the time of his death, by agreement, and they must feel themselves satisfied with it, and this will be left out of the rest of the inheritance.

Same he Philipps Kieffer promises to the Church of this place two pieces of land in the district named Hungerfeld: One side is the church property, the other side is Hans Berger, upper side the Riethen Berg, and the down side is Wendel Goetz and abuttings. Same he Philipps Kieffer orders that to compensate for this gift of the two pieces of land to the church, after his death, six holy masses should be read for the rest of his soul; and this land will continue to be property of the church in the future.

One goat to Thomas and Mathis

DEBTS ACTIVE, PASSIVE

The administration of village owes 30 Gulden to the heirs.

So 10 Gulden to each.

This inventory and division has been presented and accepted by heirs also by witnesses : the provost Scheffter, the notary Bernauer, and Hatsel.

Note: To be known that before his mother's death, his son Thomas has lost an illegitimate brother born of both parents and named Hans Georg Scheffter, and that his mother inherited of this child, also: after the mother's death, two children born from last union died named Augustin and Anton Underkirch.

[Researchers Notes: Concerning the Underkirch-Christmann; the name of the father of Thomas is never mentioned in the inventory ; but another son Johann Georg is deceased ; no mention either of father but "illegitimate" ; so I doubt those you name both Lorentz are concerned, no marriage to find ; the inheritance of other Schaeffter could be a proof ? as Barbara Christmann has inherited from this son Hans Georg at death time. I cannot say better, when the child is illegitimate, a notary may never give the name of father, as not proved sufficiently.]

Follows now the inventory and division of property starting with:

HOUSE

One house with yard, barn, in the village of Soufflenheim, one side near Philipps Kieffer, and for a part Adam Maÿ, second side near Johann Jacob Schäßfter, up on the road to Haguenuau, down on Jacob Schäßfter, in all property.

This house and dependences has been sold by the widow and all heirs to Lorentz Sensenbrenner, son in law, for 100 G which is part of what is to divide, and takes consideration of what he has paid to Peter Bordal some time ago to acquire his own house in Soufflenheim. One side near the common street, second side near Catharina Anger, up on the Mill street, down on the common property. Pays each year to the church here : 1/2 pound as tax, besides this in all property, which house has been estimated to : 400 G by Joseph Daul, son in law, and the other heirs present to this, who will buy the named house from Lorentz Sensenbrenner.

Which amount will be paid to all of them.

He will so pay to the widow : 33 g 3 s 4 d

And to the other heirs: 11 g 1 s 1 1/2 d

On this other house estimated 400, Joseph Daul will pay to the widow for her third share: 133 g 3 s 4 d

And to each of the other children the rest or 266 g 6 s 8 d or each of the 6 : 44 g 4 s 1 1/2 d

For the payment of the part of the widow, so 133 g 3 s 4 d, he will find accommodation with the widow concerning the terms of payment.

Another house, yard, barn and garden this side of the bridge, in the village of Soufflenheim. One side near the following garden, second side near Andres Müller, in front the common street, behind the same, in all property.

This house has been estimated by all to: 325 g

This same house has been paid during the marriage time for a half of: 157 g 5 s

So the mother will receive her third part on it or: 52 g 5 s

And each of the children will receive their share of 262 g 5 s or each of them his sixth part of 43 g 7 s 6 1/2 d

Same. One garden. One side near the common property, second side near the house described above, in front and behind the common property, in all property

Maria gives to each of his brothers and sisters : 13 g 3 s 4 d for it

It has been estimated: 80 g

Has to be deduced what is due as capital to the Holy congregation : 10 g

So that the total amount is reduced in consequence to : 315 g

Note: The heirs asked that Lorentz Sensenbrenner and Hans Georg Metzler would both as sons in law pay for having lived into the houses a sum to the heirs as interest on years spent there, however as both houses as seen above have been estimated rather high, it has been decided that they will not finally ask this from them.

THOMAS KIEFFER (1729)

16 May 1729 Roeschwoog 6E33/59

SOUFFLENHEIM 1729

Inheritance records and description of all property left at time of death by : Thomas Kieffer in his lifetime a burgher in Soufflenheim, who died about 9 weeks ago, and left behind him claiming his inheritance : first Maria Anna Schiedt, widow, assisted by Anton Schiedt burgher of this place and her brother, then : 2nd) Lorentz Kieffer aged 18 years ; 3rd) Anton Kieffer aged 14 years ; Thomas Kieffer aged 12 years, in their name compares Michel Kieffer burgher of this place their sworn guardian, so the widow and the three children named ; and also after a specific oath was passed and in presence of : Jacob Schaeffer, mayor ; Hans Georg Fridtmann, and Michel Kehlhofer, both justice counselors here, and in his name (mark of omission) repeated above for Lorentz Kieffer : Philipp Kieffer, burgher and guardian. [So Michel Kieffer guardian for Anton and Thomas, Philipp Kieffer guardian for Lorentz Kieffer]. All this passed in front of the king's notary Johann Paul Wolff of the district of Haguenuau ; written in Soufflenheim, on the 16th May 1729.

Now follows the description and sharing of the property and starting with:

THE HOUSE

One house, barn, dependences, garden in Soufflenheim. One side is the Mühlbach the other side near the field named Stiederhoff, in front the road, and behind Jacob Hörstel's heirs. Pays each year 5 Gulden to the Maitrise. This farm described, and containing also an oil mill, belongs to the widow Maria Anna

Schiedt, as she brought it into the union. During this union it has been bettered with construction of a house and barn on it, and now is estimated at 400 Gulden, and so left at this amount to the mother and widow, in charge of paying to the royal maitrise 5 Gulden each year, but an amount of 100 Gulden have been decided to be withdrawn of the estimate, and so left 300 Gulden. Then the various farming tools, barrels and vans, horses and pigs left also to the widow and estimated 126 Gulden 6 schillings.

So a total for house and content of : 426 Gulden 6 s

On this are withdrawn the debts left to the widow to pay for so: 119 Gulden 3 s

After compensation remains to be shared : 307 Gulden 3 s

So the widow is allowed on this for her third : 102 Gulden 4 s 4 d

And to the three children in common: 204 G 8 s 8 d

And to each of them : 68 G 2 s 10 d

Concerning the terms of payment, it has been decided that the son by first marriage, Lorentz, will receive his portion, so one half, on St. Martin's day in year 1731, the others their heirs their half on St Martin's day in year 1732 without interests, however if these days pass and that no payment has been made the usual interest should be asked for according to the land's usage. Concerning the share of the two youngest sons, Anton and Thomas, it has been agreed that the mother will give each their portion when they reach the 18 years with the usual interest. And a barrel is left to Lorentz estimated 6 s.

Same to Andreas Müller here as guardian of Georg Fridmann's children : 13 R

Same to Jacob Müller son of the deceased on capital due for his needs and never paid for : 14 R 1 s 8 d

The evalutated debt has been attributed to Jacob Muller who inherits the farm as from his mother's share to him, and their due paid to the other heirs, each one his share and paid by the heir who has inherited personally the farm as such.

Jacob, who receives the farm has still to pay as follows :

Same to Anna Müller a loan to father in liquidity : 20 R

Same to Anna Müller again for same object to her father : 3 R

Total : 123 R 2 s 8 d

NB : This will be accounted for in general total amount due and divided as such.

Distribution

The heirs in question have presented the following pretense one towards the other.

Has been agreed between heirs as such Jacob Müller must receive from the different amounts due a total of : 89 R 7 s 4 d

So still due to him a result of : 22 R 4 s 4 d

Anna Müller on different posts mentioned must receive : 70 R

So after what she receives from the inheritance is still due on 40 R capital an amount of : 20 R

Follows a regulation due of 10 R and also 30 R

A total of 40 R makes a fourth share of : 10 R

Catharina Müller must receive from her father a total including 12 R due, makes : 138 R

Left to be paid : 34 R 5 s

Adam Müller must receive : 70 R

So left a due of a fourth or : 17 R 5 s

Paid as mentioned here, promise made by heirs.

Has so been inventoried divided, compared, and considered and accepted by all interested in this inheritance as in good form of law.
