STAR GATE CATTLE

Welcome to our 6th annual Bull & Bred Female Sale. We've sorted the offering down to a solid set of 75 coming 2-year-old virgin bulls and 21 bred heifers. We're excited to show you these cattle today. It's been a great time to be in the industry and to experience some of the highs we've been able to see over the last year. We're thankful for your past support. We're also optimistic about the future of the industry and want to see all of our neighbors, friends, customers, and competitors alike have success in the coming years.

At SGC we believe in purpose-built cattle and then matching them to their intended use and environment. Whether you're looking for Angus bulls with proven maternal genetics and long lived cow families to back them up, SimAngus bulls that will add heterosis and performance from start to finish, or heifer bulls with genomic enhanced EPDs that will protect your investments.

At SGC the work doesn't stop at selecting the right genetics. We believe in developing bulls with the needs of the customer in mind. Our bulls are all age advantaged to provide greater durability and get more cows bred. With the cost of replacement cattle today, there might not be any greater profitability metric than owning a bred cow vs an open one. The average yearling bull only settles 40% of the cows he mounts while the average 2-year-old settles over 60%. Less total mountings mean a tighter calving window and less chances for costly injuries. These bulls were primarily developed in a strip grazing system, rather than solely in the feedlot. In this setting they learn how to respect a fence, how to move off a horse or a dog, and how to find feed outside of a bunk. At no point have these bulls had any feet trimmed or been fed any concentrates/hot ration. We're so confident in the way these bulls have been bred and developed that we offer a 4-year warranty on every bull sold here today. Customer feedback has reassured us that this system is working for both us and our customers. We had just three total claims in 2024 that we were happy to take care of.

At SGC we also strive to be thorough in breeding, developing and managing our females. The heifers you will have the opportunity to purchase today are the result of culling heavily on structure, udder, pelvic scores, reproductive efficiency, fleshing ability, longevity, mature size, eye appeal, and temperament. You won't find any dams in our herd with bad bags, bad feet, or bad temperaments. Our main cow herd has had a breeding window of 60 days or less for almost a decade. These heifers have a total exposed window of just 30 days.

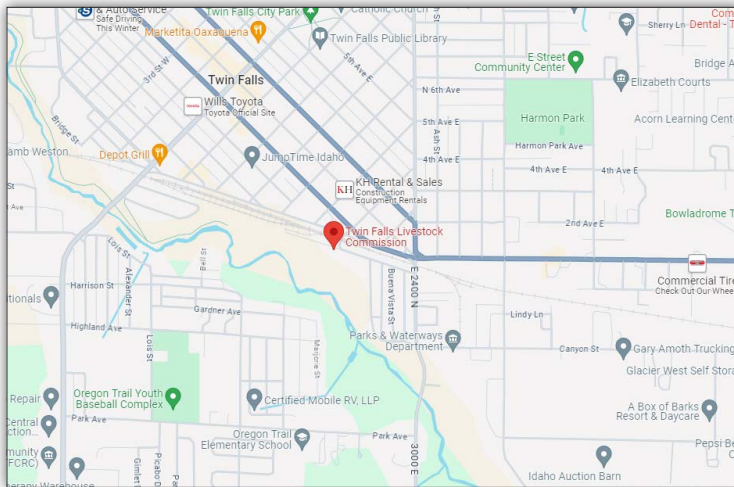

WELCOME

REGISTRATIONS:

Every registered Angus bull in this sale today has verified parentage and enhanced genomic EPDs. We will provide a full supplemental printout on the website and on sale day for those wishing to look at the full epd profile with the latest updates.

Lots marked anything other than "Registered Angus" will sell grade. If you have your eye on a certain Sim or SimAngus individual, let me know ahead of time and we can make concessions to accommodate that.

ABSENTEE BIDDING:

100% satisfaction guarantee on cattle bought sight unseen. We have lots of options either through LiveAuctions or over the phone. If you're on the fence at all or worried you may not make sale day, give me a call at 208.481.2857 and I will take care of you.

TRUCKING:

Free delivery on all lots within 250 miles. Free delivery within 750 miles when a customer spends \$15,000 or more. For all other customers we will do whatever we can to arrange economical trucking.

PAYMENT:

Payment is due at time of purchase. Please make bank credentials available to our clerk on or prior to sale day.

DELIVERY:

All bulls will be delivered the first two weeks of March. All females will be delivered straight away. Animals will be cared for from sale date to delivery at no charge. If you need to take delivery of your bulls later, don't hesitate to call and make arrangements. Customers who make arrangements to take their bulls home on sale day will be issued a credit of \$100 dollars per bull for 2026. Please note that transferring cattle across some state lines can require additional testing and time.

LIABILITY & RISK:

All persons who attend this sale do so at their own risk. Twin Falls Livestock Commission, Superior Livestock, Star Gate Cattle, and all sale personnel assume no liability in the event of an accident.

All bulls are protected under the stipulations in our 4-Year-Warranty. Any event outside those outlined in said warranty is the responsibility of the buyer and their insurance.

All females are checked by a licensed veterinarian to establish overall health, age and reproductive status. We stand behind these females to be just as they are advertised.

All animals become the liability of the buyer at time of sale.

MARKETING YOUR CATTLE:

For our bull customers we want to be involved in helping you get your calves sold. For those that sell on Superior be sure and give us a call and let us know ahead of time. We will get the Star Gate Seal added to your consignment and let potential buyers know about the added value they can expect when purchasing your cattle.

For those that market locally or through other channels feel free to give us a call. We will do whatever we can to connect you with the best outlet.

ANGUSMEDIA

EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLinkSM, CAB®, Pathfinder®.

4-YEAR BULL GUARANTEE

As part of our aim to provide bulls that will withstand the roughest conditions and be profitable to ranchers, we offer the following warranty: All 2-year-old bulls sold by Star Gate Cattle will be guaranteed against injury that renders them incapable of breeding or to be a potential breeder, except those circumstances listed below.

This guarantee only applies to the original purchaser. This guarantee also only applies to bulls that have been maintained, at all times, by the original purchaser for standard beef breeding practices and under normal breeding conditions. Bulls must also have been maintained in accordance with good animal husbandry methods and management.

All claims shall be resolved in the following manner:

The guaranteed credit shall equal the original purchase price of the bull multiplied by the appropriate percentage (based on when the injury occurred), less an agreed upon salvage value. This amount shall be credited to the owner for the purchase of one bull from either the present inventory of Star Gate Cattle or at the first proceeding Star Gate Cattle bull sale. If the credit is not used at either of those times, then it will become void.

The amount credited is as follows:

- 100% from the time of purchase until bull is turned out to cows (no later than July 1st)
- 80% from 1st turn-out through October 1st of the same year
- 60% throughout 2nd year
- 40% throughout 3rd year
- 20% throughout 4th year ending with the 4th anniversary of original purchase

To make a claim, the original owner must contact Star Gate Cattle within 4 days of the discovery of the injury. They must also possess a document of the injury, signed by a licensed veterinarian. Star Gate Cattle reserves the right to have an agent of their own choice verify the injury and documentation of such. If any claims are denied by Star Gate Cattle, the original owner must then respond with a written legal explanation of why the guarantee should apply or forfeit all rights to any guarantee on the bull in question.

Exceptions not covered by this warranty include, but are not limited to:

Injuries or loss caused by motor vehicles, equipment, or trains. Injuries or loss from drowning, predation, or caused by acts of Nature/God (lightning, tornados, blizzard, bitter cold, fires). Injuries or loss from disease, feed intake, or poisoning. Injuries or loss from man-made causes. These include acts of war, acts of terrorism, radiation/nuclear, confiscation, quarantine, theft, malicious or willful injury to animals, carelessness, or neglect.

In the event of sudden death an autopsy must be performed within 24 hours by a licensed veterinarian to determine cause. Without a written report and identified cause, we cannot offer any compensation.

GROUP BULLS

These bulls will be run in as a group of 5 but sold as individuals. These are the kind that would rather stay on the ranch and work than come to town. Not a thing wrong just a tad stingy, and we'd prefer not to stir them up. Tested and ready to go home with somebody who has good stock sense, big pastures, fast horses, and good dogs.

SIMMENTAL AND SIMANGUS HEIFERS

We will sell heifers as group lots (primarily by sire) with the option on the first winning bid if the lot has more than 3 heifers in it. If there are remaining heifers after the first winning bid, we will open it up a second time and sell the remainder of the group.

These heifers were weaned in January of 2024 in Idaho and then ran outside on native range in Mohave County Arizona until May. They were then brought home to breed up. Every heifer has had 4 rounds of 5- & 8-way vaccine, bangs vaccination, Guardian scour shot, and a stomach magnet. They have been pelvic measured and sorted to accommodate an 85+ lb calf. Every heifer in the offering was time AI'd to Pinebank 89/05 (18584754) on 7/3/24 and then cleaned up with SGC Bravo 417B 2021 (20532677) who was turned in 7/7/24. Both are proven calving ease sires. Clean up bull was pulled on 8/3/24. These heifers have a total breeding window of 30 days. Everything that did not pelvic measure large enough or breed up in that period found their way to the feedyard. I would expect them to calve from April 10th to May 10th this spring, just when the weather is right. They have been confirmed bred by Dr. Ben Sukowaty.

MAKE YOUR CATTLE STAND OUT

You've made a significant investment in your genetics, but does the market recognize that? Stand out by differentiating our cattle with AngusLinkSM programs: the Genetic Merit ScorecardSM and AngusVerifiedSM.

ANGUSLINKSM
**GENETIC
MERIT**
SCORECARDSM

The Genetic Merit Scorecard gives buyers the confidence they need to pay more for your quality calves.

ANGUS
VERIFIEDSM

AngusVerified validates your calves are sired by registered Angus bulls and make your cattle stand apart from other black hides on sale day.

Users of AngusLink programs earn **\$13-15/CWT PREMIUMS** on average. Give us a call, and learn how to claim your competitive edge with AngusLink value-added programs.
