LAUGH when you can.
APOLOGIZE when you
should.
And **LET GO** of what you
can't change.
Life is too short to
be anything but
HAPPY.

Final
Thoughts

Caldera setting trapping water

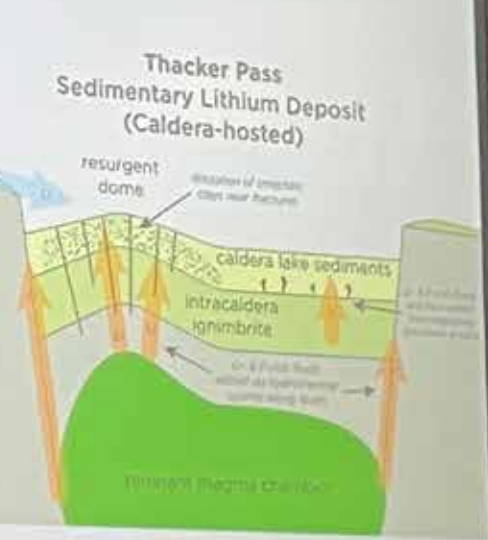

Generic Sedimentary Lithium Deposit (Non-Caldera)

non-caldera deposits contain smaller and lower grade resources because they lack Li mass inputs associated with calderas:

- degassing of intracaldera ignimbrite
- extensive hydrothermal activity, including caldera resurgence

Thacker Pass Sedimentary Lithium Deposit (Caldera-hosted)

As leaders, we are in the business
of growing people.

Don't be afraid to hire people
who may be more talented or
intelligent than you.

A photograph of an elderly woman with short white hair, wearing a black and white patterned jacket over a light-colored collared shirt, speaking at a wooden podium. A microphone is positioned in front of her. The podium features a dark rectangular sign with the text "Winnemucca Convention Center" in white serif font. The background consists of a light-colored wall with vertical panels and a blue flag partially visible on the right. A blue patterned object and a black curtain are visible on the left side of the frame.
