CFOA 67th Annual Conference
June 19, 20 & 21, 2012 Pioche, NV

PRESIDENT'S MESSAGE

June, 2012

I would like to welcome everyone to the 67th Annual County Fiscal Officer's Association (CFOA) conference hosted this year by Lincoln County here in Pioche, Nevada.

I made my first visit to Pioche back in March. After 34 years of living in Nevada, this was my first time seeing this part of our great State. After speaking with some of our members and vendors - this is their first visit as well. It's beautiful!

In researching the conference locations, it looks like the last time the conference was hosted here in Pioche was in 1950; and the last time an elected official from Mineral County served as President of CFOA was back in 1969. So believe me when I tell you all - this has been an honor for me. Traveling the State of Nevada to our conference locations over the years has been a truly wonderful part of my job.

I would like to extend a big thank you to Kathy Hiatt, Leslie Boucher, Lisa Lloyd and Shawn Frehner along with their staff members for hosting our conference. They have all worked hard to put things together and I'm sure we are all in for a wonderful time.

Thank you to our other CFOA board members, Laura Fitzpatrick, Kelly Helton, Terry Lundergreen and Mike Rebalcati. All of your help and support has been appreciated by me this past year. Thank you also to my own staff and my colleagues in Mineral County for your support and assistance.

And last but not least, our vendor sponsors. It is because of their sponsorship we are able to put this conference together each year. Thank you so much to our continuing sponsors and I am happy to welcome a few new sponsors this year too. Please be sure we pay a visit to their individual booths to say hello and thank them.

It's been a real pleasure serving as our President this year...I hope everyone has a wonderful time!

Christine Hoferer
Mineral County Recorder-Auditor

The U.S. Economy and Investment Outlook for 2013 and Beyond

With the U.S. economy still fragile and the Presidential election in November, there are many possible paths for the U.S. economy heading into 2013. Is the stock market headed for a correction, especially if the European financial crisis worsens? What will U.S. job growth look like post-election? Will we see interest rates continue to gradually rise or is it possible for rates to fall even further? A panel moderated by state Treasurer Kate Marshall and comprised of NVEST portfolio managers will try to make sense of these economic trends and share their insights into the U.S. economy and capital markets.
