This Project Will Steal Nevada's Water:

The Central Iron County Water Conservancy District is applying for a Right of Way with BLM for the first of a 3-phase export project from Pine Valley, Wah Wah Valley and Hamlin Valley.

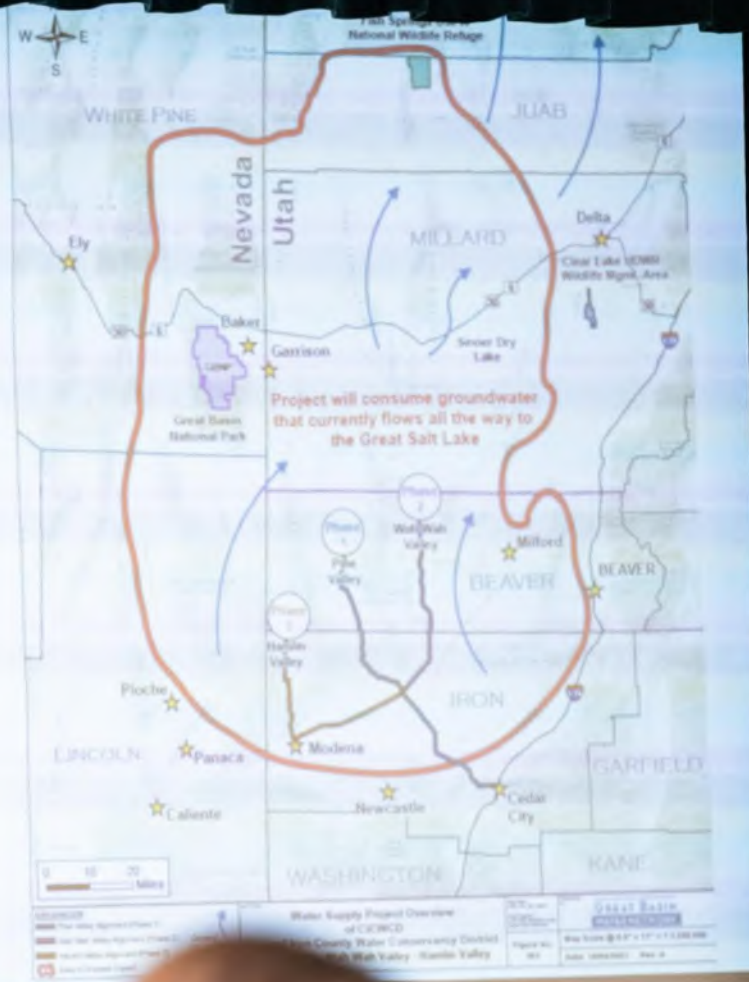

This will harm Snake Valley, Spring Valley, and at least ten other valleys on the Nevada side of the border.

There has been no consideration given to the impacts on Nevada so far in analysis put forth by BLM and CICWCD.

White Pine County is participating along with Beaver, Millard and Juab Counties, all of whom are concerned with the effects on their groundwater.
