**NOTE: OCCASIONALLY WE HEAR A NOISE DURING MASS.** It is the church fire system compressor that turns on. The compressor will run to maintain system pressure. It will run more often in the winter as the temperature fluctuates day and night. As the temperature drops at night, the air pressure will also drop. Same as the air in car tires. The compressor will automatically turn to maintain the pressure. Sorry for the inconvenience.

**CHICO.NOTA DE INFORMACIÓN: OCASIONALMENTE SE OYE UN RUIDO DURANTE LA MISA.** Es el compresor del sistema de enciendo de laParroquia. El compresor anda para mantener la presión del sistema adecuada. Se prende mas durante el invierno al cambio de temperatura de día a noche. Al cambio de temperatura en la noche, la presión baja también. El mismo sistema que las llantas de un automóvil. El compresor se prende automáticamente para mantener la presión adecuada.

**ST RITA PARISH MISSION Sunday thru Wednesday FEBRUARY 15<sup>th</sup>, 16<sup>th</sup>, 17<sup>th</sup> & 18<sup>th</sup>.** The theme is **"THY KINGDOM COME"** 5:30p – 7:30p Confessions and Presentations each evening. The Misson closes with **Ash Wednesday Mass at 6pm.**

**THE DIOCESE OF GALLUP** is excited to announce that on **Tuesday, April 14,** there will be a **PARISH DEVELOPMENT DAY** for anyone who works in a parish or diocesan-affiliated organization (secretaries, staff, volunteers, even priests, if they'd like). The day will start with Mass with Bishop Wall, then move into short seminars on the latest developments and recommended best practices in a variety of fields: safe environment, archives, grants, communications, etc. Meals and time for prayer and fellowship with peers from around the Diocese will also be included. For those who would need overnight accommodation, the Diocese will cover the cost of a stay at the retreat center. This is not mandatory by any means but is recommended for anyone who would like help or training in the various issues that pop up when working for the Church. We'd love to see you there!
