VOLUNTEER HELP NEEDED!

Stewardship is where the gratitude in our heart and work of our hands shows our love for others – receiving, thanking, sharing and praising God for the gifts we have received. Service is a key component of stewardship, and we have a real need for service in our Parish community. Our St. Peter's Angels need help in creating and serving meals for funerals and other parish functions. Volunteers are also needed to serve our Springerville/Eagar community through the work performed by our St. Vincent De Paul group. Part of Luke 10:2 states "The harvest is plentiful, but the laborers are few". Please help us by becoming a "laborer" in God's service.

A VIRTUS TRAINING course will be held **TOMMORROW at 6pm** in the CCD Classroom. **THIS IS FOR ALL ANNUAL RENEWALS**. For more information visit our website <https://stpeterchurchaz.com/virtus-training>

NEW HOPE DIAPER DRIVE – during the month of August for the pregnancy center here in Springerville. Please help fill the play pen set up in our church narthex with sizes 4, 5 and 6 diapers – these are the sizes most needed. THANKS for supporting local moms who chose life for their little ones!

CCD CLASSES - will be resuming in September and this program is always in need of teachers to work with our young people as they prepare to receive the sacraments. If you think you might be interested in helping with this ministry, please contact Esmerelda Ontiveros at 928-812-0049.

THE 2025 / 2026 FIESTA COMMITTEE is looking for a new Fiesta Coordinator if interested please contact: Fr. Anselm 505-906-8421 or Deacon Campos 928-245-5638.

RECTORY PROJECT UPDATE

We have started the process of requesting contractor bids for the rectory project. The estimated budget for this project is \$450,000 - \$500,000 and the Diocese requires that a parish have 90% of any capital project funded before the construction can begin. To date, through the generosity of our donors, we have about 75% of the funds we need to start. Please keep this project in your prayers as we are hoping to reach 90% before the end of 2025.
