A personalized approach to organizing, curating, and managing a client's wardrobe. It typically includes:

- Closet Organization: Sorting, decluttering, and arranging clothing, shoes, and accessories for a streamlined, functional space.
- Wardrobe Evaluation: Assessing items to identify staples, gaps, or pieces that no longer serve the client's style or needs.
- Custom Styling: Creating tailored outfits and offering styling tips based on the client's preferences, lifestyle, and goals.
- Seasonal Swaps: Updating and rotating wardrobes to reflect current seasons, trends, or occasions.
