Types of Shower Doors

COMMON SHOWER DOOR STYLES

Single Panel (Fixed Panel)

A stationary glass panel with no door.

TOP VIEW

Inline Shower Door

A straight, single-door setup that fits a shower opening between two walls.

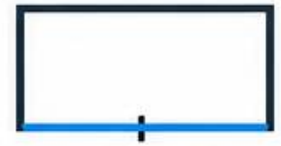

TOP VIEW

Return Panel

A shower door with an added fixed glass panel that “returns” at 90°.

TOP VIEW

Neo-Angle Shower Door

A corner shower with angled glass panels (usually a 5-sided shape).

TOP VIEW

Bypass Door (Sliding)

Two sliding glass panels where one glides past the other.

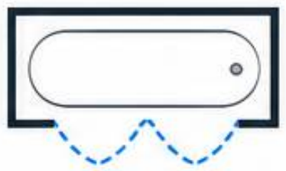

TOP VIEW

Door Above Tub (Frameless Saloon Doors)

Frameless, double swing (saloon) doors mounted over a bathtub.
