Tan

## Grid Options\*

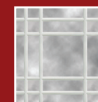

Colonial Flat

Colonial Contour

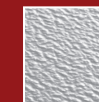

Prairie Contour\*

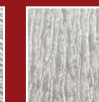

Double Prairie Contour\*

Diamond Flat

Obscure Glass

Rain Glass

## Textured Glass Options\*

•Also available in Flat grids

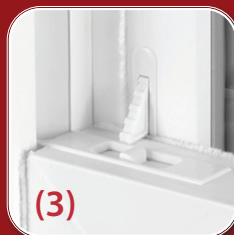

\*options

ECONOMICAL • MAINTENANCE FREE • ENERGY EFFICIENT

## FEATURES

- Solid fusion welded vinyl frame and sash for strong, seamless corners. Corners not compromised with knock outs or gaps. (1)  
Lift rails are part of sash extrusion, not added later. (2)
- Balance System sash operates easily, quietly and never slips.
- Both sash tilt inside the home for easy cleaning.  
Recessed tilt latches operate easily.  
Sash limit locks allow secure partial opening. (3)
- Heavy duty weather stripping and full, continuous over and under interlock at meeting rails reduces air infiltration and condensation.  
Many competitors notch out interlock at sash lock, which sacrifices the seal. (4)
- Heavy duty sash locks with cam action lock and keeper for secure, air tight lock. (5)
- Sloped one piece sill is designed for positive water drain-off. There are no “weep holes” to plug up, as in many competitors’ windows. (6)
- Insulated glass optimizes thermal performance and reduces condensation.
- Fiberglass mesh half screen with aluminum frame  
Optional full screen and/or aluminum mesh.
- Lifetime Warranty Frame and Sash.
