GLASS COMPONENTS

Glass warranties apply to factory-installed glass or Marvin-supplied glass installed by Marvin-authorized service personnel. Standard insulating glass with stainless steel spacers is warranted against seal failure caused by manufacturing defects and resulting in visible obstruction through the glass for twenty (20) years in sizes up to sixty (60) square feet, and for ten (10) years in sizes sixty (60) square feet and larger. Non-tempered glass is warranted against stress cracks caused by manufacturing defects for ten (10) years. All other glass and glass features are provided with the same warranties, limitations, and exclusions Marvin receives from its supplier; contact Marvin for further details.

NON-GLASS COMPONENTS

Hardware and other non-glass components are warranted to be free from manufacturing defects for ten (10) years. Stainless steel hardware and hardware with PVD finishes installed in coastal environments are warranted to be free from manufacturing defects that result in abnormal deterioration of the finish for a period of ten (10) years. Other hardware finishes are not warranted in coastal environments. Electric operators and other motorized accessories are provided with the same warranties, limitations, and exclusions Marvin receives from its supplier; contact Marvin for further details.

EXTERIOR CLADDING FINISH

Except as described below, Marvin's standard exterior aluminum cladding finish is warranted against manufacturing defects resulting in chalk, fade, and loss of adhesion (peel), per the American Architectural Manufacturer's Association's (AAMA) Specification 2605-11 Sections 8.4 and 8.9, for twenty (20) years. Anodized finishes and other specialty exterior finishes are warranted to be free from manufacturing defects for five (5) years.

Standard exterior aluminum cladding finish installed in coastal environments (within one (1) mile of a sea coast or other salt water source) is warranted against manufacturing defects resulting in abnormal deterioration caused by corrosion and/or loss of adhesion for ten (10) years. "Abnormal deterioration" means damage to the finish (such as peeling, flaking, or blistering) beyond what is normal for an ocean coastline environment. Anodized or other specialty finishes are not warranted in coastal environments.

Marvin's standard exterior composite cladding finish is warranted against manufacturing defects per AAMA 625-10, Section 5 for ten (10) years.

INTERIOR FINISH

Factory-applied interior wood finish is warranted to be free from Finish Defects for a period of five (5) years. Finish Defects include cracking, peeling, checking, delamination, blistering, flaking, excessive chalking and, in the case of painted interior finish, fading or change in color (per ASTM D2244), under normal interior environmental conditions. The color of wood changes, typically darkening over time, and is not a defect. The application of stains and/or clear finish does not prevent this natural process. Color change may be more noticeable in woods treated with a clear coat or light colored stain. The appearance of a raised grain or other natural variation in the wood grain may be enhanced by the interior finish and is not a defect. Interior finish is applied prior to assembly and is not intended to cover joinery seams. Factory-applied primer-only is not covered. Factory-applied wood primer must be painted in accordance with Marvin's finishing instructions within ninety (90) days of installation.

Factory applied interior aluminum finish is warranted against manufacturing defects per AAMA 2605-11, Sections 8.4 and 8.9 for twenty (20) years. Anodized interior aluminum finish is warranted to be free from manufacturing defects for five (5) years.

OBSOLETE OR DISCONTINUED PARTS

Parts designated at the time of sale by Marvin as obsolete or discontinued are warranted against manufacturing defects for a period of one (1) year.

EXCLUSIVE REMEDY

This Limited Warranty is made as of the original date of product purchase and is not a warranty of future performance. Warranty notice periods begin on the original date of purchase. If a covered defect is reported during the term of the applicable warranty notice period, and otherwise in accordance with the terms of the Limited Warranty, Marvin will, at its option, repair or replace the product or component, or refund the price paid for the defective product or component. Removal, installation, finishing, refinishing, and disposal costs and services are not included. Marvin will endeavor to supply original replacement

parts; however, replacement parts may differ from the original parts. Replacement parts, including upgrades, are warranted for the remainder of the original product warranty.

- Failure to follow Marvin's care and maintenance instructions
- Failure to properly treat, seal, and maintain exposed wood
- Use of brick wash, razor blades, or other inappropriate cleaners or chemicals

WARP

Bow, twist, and warp shall not be considered defects unless in excess of ¼ inches in the plane of the door. Action on claims for bow, twist, or warp may be deferred at Marvin's option for a period not to exceed twelve (12) months after installation to permit the door in question to acclimate to temperature and humidity conditions.

MOISTURE MANAGEMENT

Products installed in wall systems that do not allow for proper moisture management, such as exterior insulation and finish systems (EIFS) or "synthetic stucco" without effective engineered drainage systems, are not covered under the Limited Warranty.

THERMAL EFFICIENCY

Marvin does not warrant the amount or percentage of argon or other inert gas present in insulating glass at any time after manufacture. Inert gas dissipates over time, and may be ineffective in products manufactured with capillary tubes. Thermal efficiencies vary with the application of the product. Marvin does not warrant a specific level of thermal efficiency will be maintained by inert gas, low emissivity coatings, or other product features.

CONDENSATION

Condensation is not a product defect, but the result of excess humidity. Condensation, frost, mold, mildew, or fungus on product surfaces is not covered by the Limited Warranty.

CORROSION

Except as expressly provided in this Limited Warranty, finish failure or corrosion of aluminum cladding, anodized and other specialty finishes, hardware, or other components due to environmental conditions such as air pollutants, acid rain, salt, sand, chemicals, or other corrosive substances is not covered by the Limited Warranty. Marvin is not responsible or liable for any third-party system used in connection with the sensors, or their integration or compatibility with such third-party systems. Sensors are not a substitute for insurance, and may not be relied upon to prevent property loss or damage, personal injury, or death.

Certifications and Ratings

Many standard Marvin products are labeled with the Window & Door Manufacturers Association (WDMA) Hallmark Certification. WDMA Certification is based on the performance of a single sample of the product at the time of manufacture. Many standard Marvin products are labeled with National Fenestration Rating Council (NFRC) ratings. NFRC ratings are based on a combination of computer simulations and physical testing of product samples. Certifications and ratings typically apply to single products only; however certain factory-mulled or combined product configurations may also be certified. Performance of individual products may vary and will change over time, depending upon the conditions of use. WDMA certifications and NFRC ratings are not performance warranties. For details on Hallmark Certification, go to www.WDMA.com. For details on NFRC Energy Performance ratings, go to www.NFRC.org.

Suitability

Determining the suitability and compliance with local or other applicable building codes or standards, of all building components, including the use of any Marvin product, and the design and installation of any flashing, sealing, drainage, or water management system, is the responsibility of the buyer, user, architect, contractor, installer, and/or other construction professional. Marvin will not be liable for any problem or damage relating to inappropriate or faulty building design or construction, maintenance, installation, or selection of products. Windows and doors are only one element of a structure; Marvin does not warrant that third-party certification of a building or project to any specific standard will be achieved through the use of any Marvin product.

No Waiver

Marvin may, in its discretion, extend benefits beyond what is covered under this Limited Warranty. Any such extension shall apply only to the specific instance in which it is granted, and shall not constitute a waiver of Marvin's right to strictly enforce the exclusions, disclaimers, and limitations set forth in this Limited Warranty in any or all other circumstances.
