PROVIA BUILDS DOORS THE PROFESSIONAL WAY

ProVia has developed a competitive position by catering to a niche within the door market that demands a high degree of customization coupled with outstanding quality. Our company defines the products that meet this demand as "professional-class." We have found success by adhering to a set of core values that guide us as we develop rewarding, long-term relationships with our employees, customers and homeowners.

OUR MISSION:

— TO SERVE, BY CARING FOR —
DETAILS
IN WAYS OTHERS WON'T

IT HAS LED US TO EXACTING STANDARDS

If you ask around, you'll find attention to detail is what our customers have come to appreciate and expect from the ProVia brand. Our company is family-owned and faith-based with an intense focus on producing Professional-Class products. ProVia feels so strongly about the performance and workmanship of our entry system—built by skilled craftspeople with state-of-the-art manufacturing processes—that it's backed with a Lifetime Limited Warranty. The warranty is even transferable to one subsequent owner. You can visit our website provia.com for details. We're building your doors and our company to last a lifetime - that's **THE PROFESSIONAL WAY.**

INDUSTRY ASSOCIATION

ProVia is a proud member of the Window and Door Manufacturers Association (WDMA) and American Architectural Manufacturers Association (AAMA) - leading voices in our industry. As such, we support advocacy in building code and ASTM standard arenas, quality materials, installation and design in Doors and Windows.

WHAT MAKES PROVIA® PROFESSIONAL-CLASS?

ENTRY SYSTEMS **TAILORED** FOR YOUR HOME

Today's off-the-rack consumer-grade doors, which are cut down to fit your need, often fall short of expectations and performance. This shortcoming is precisely the driving force behind why every ProVia door is built to your home's exact measurements – for a better fit and a more secure and energy efficient door. The materials and workmanship that go into custom-made doors are of exceptional quality and durability, and far exceed what is available as ready-made.

HIGHEST STANDARDS

ProVia is committed to making doors individually customized for homeowners to the highest standards of durability, security and energy efficiency in the residential market. A clear difference so defining that it has established a new category of professional-class doors, a better alternative to consumer-grade doors.

SECURITY | We focus on the strength and security of every door so you can focus on what's really important - your life.

DURABILITY | Made with the finest materials and backed by our Lifetime Limited Transferable Warranty, our durability can't be beat.

BEAUTY | A beautiful ProVia entry system will always greet your guests with classic elegance and style.

ENERGY EFFICIENCY | Engineered to keep the elements at bay and your home comfortable all year long.

DESIGN YOUR DREAM ENTRYWAY

WITH PROVIA'S EXTERIOR HOME DESIGN TOOLS

Find inspiration for the exterior of your home.
Download ProVia's free app for iPad or try the online Visualizer at provia.com/visualizer.

PROVIA VISUALIZER

Use ProVia's Visualizer to change the colors and styles of your home's doors, windows, siding, stone, and roofing

Let your imagination run free with this exterior home design tool. Select from a library of existing home styles, choosing one to match yours, or upload a photo of your own home.

In a few easy steps, update your siding color, add manufactured stone or a metal roof, give the windows a fresh look or personalize a new entry door.

Not sure where to start? Apply one of our pre-selected Designer Collections, then further customize the selections to reflect your own personal style.

PROVIA APP

Use the ProVia app to configure doors and windows or select from an extensive collection of vinyl siding, manufactured stone and metal roofing styles.

FEATURES

Door and Window Configurator

Vinyl Siding Profiles, Colors and Accessory Accents

Manufactured Stone Styles, Color Palettes and Grout Options

Metal Roofing Profiles, Trims and Colors

CONFIGURATION

Find and customize a configuration that best fits the opening of your home.

DOOR STYLE

Your home should reflect your personality. That's why you'll find a wide selection of styles to suit your taste.

GLASS

Select from a full line of Decorative Glass, Inspirations™ Art Glass, Dialogue Layered™ Glass, Clear Glass, Privacy Glass, Simulated Divided Lites and Grid Styles.

FINISH

Our stain and glazed finishes are hand-applied by professional craftsmen, then oven-cured for maximum beauty. Paint finishes are factory applied for a long-lasting, durable finish.

HARDWARE

Hardware from Trilennium®, Hoppe®, Emtex®, Brinks® and Schlage® provide some of the most stylish, durable hardware available today.

ACCESSORIES

Sometimes the smallest things make the biggest difference. Our accessories add a lot to the look of your entry system.

Colonial Door Knocker

Classic Door Knocker

Classic Door Knocker/Viewer

7/8" Peepsite**

Mail Slot or Magazine Slot

Kick Plate

ADD A STORM DOOR

Protect, enhance and ventilate your entryway with a storm door, while adding an extra measure of security.

THE COMPONENTS

The components are the small things that set our doors apart from the competition. A lot of small things add up to a big difference.

440TAC-2P, 140TAC

Your home is unique and deserves to have **custom glass options** like our ComforTech™ Warm Edge Glazing Systems which include decorative glass, Inspirations™ Art glass, internal blinds and internal and external grids in many grid patterns and colors.

 Impact Shield doors feature laminated glass.

Our **2½" casing** conveniently covers paint lines providing a professional installation. **Also available in 3½"**. Choose from Cherry, Mahogany, Oak and Poplar. Flat Fir and Poplar trim are available in paint, stain and glazed finishes.

High-performance, heat-resistant window trim is warranted not to warp, crack or pull away from the door, even in sunny or higher temperature applications.

Plugless glass trim is standard on Embarq® and Signet® and optional for Heritage™† and Legacy™†.

1. Smooth (standard on select Signet Smooth doors and sidelites, optional on select Heritage Smooth and Legacy Smooth doors and sidelites) **2.** Embarq and Signet Cherry and Mahogany **3.** Embarq and Signet Oak and Knotty Alder **4.** Signet Fir **5.** Heritage and Legacy **6.** Modern Flat Trim (only available on models 112, 114, 115, 116 and 160 sidelites)

† See price list for available styles.

The **Z-AC™ threshold** has an auto-adjusting riser and built-in sealing system that redefines how your door can perform for you. Standard on Signet and Legacy.

- **Automatically adjusts** to your entry door's changing needs over time, eliminating service calls
- Delivers **non-stop protection** against air and water infiltration
- **Saves money** and provides an improved door experience

The **ZAI™ threshold** has a manually-adjustable riser with complementary screw cover caps. Standard on Heritage.

Three **heavy-duty ball bearing hinges** come standard with every entry system.

Additional 4th hinge option for greater durability. (only available with FrameSaver®)

 Impact Shield doors have heavy-duty stainless steel hinges.

The energy efficient **weatherstripping** runs along the top and sides of the door and interlocks with the **CornerShield™** for the most efficient seal you'll find for keeping moisture, wind and dirt out of your home.

We include our **20-gauge security plate** for extra strength and to help prevent kick-ins.

We include a **solid brass fully adjustable strike plate** of our own exclusive design. This unique 2-piece construction makes our doors easier to custom fit.

The **dust box** in the deadbolt strike provides a barrier to air infiltration while providing a nice appearance that most other door manufacturers don't provide.

Bulb and dual blade sweep virtually eliminates drafts, keeping your home comfortable.

THE COMPONENTS

FRAMES

FrameSaver®

FrameSaver Advantages

Our **finger-jointed composite bottom** never absorbs water, warps, cracks or rots, and paints and finishes just like wood. Plus, FrameSaver is backed by the industry's only **fully-transferable lifetime limited warranty** for ultimate peace of mind.

Real World Frame Issues

Shrinking and swelling occur from changes in relative humidity in the atmosphere. **Water wicks** up through wood fibers resulting in **paint peeling, rot and mold**. Traditional door frames begin to rot within 3-6 months of field installation.

FusionFrame™

FusionFrame: A one-of-a-kind alternative to composite or wood jambs, this Endura® component utilizes the strength of an LVL interior, the rot-proof performance of a FrameSaver® bottom, and the durability of a composite frame exterior. Offering a lifetime jamb warranty*.

PREFINISHED, MAINTENANCE-FREE

Available as a textured or smooth frame, providing you with the benefit of a prefinished, maintenance-free system, along with the beauty of a stain or paint finish that matches your entry door.

Not available for transoms or outswing doors. See Price List for complete limitations and restrictions

**Finish warranty will match the finish warranty of door series*

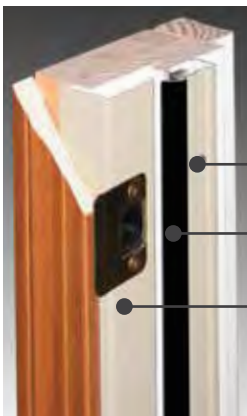

FrameSaver wood frame and brickmold with finger-jointed composite bottom prevents water absorption and carries a Lifetime Limited Warranty when used with **PVC vinyl coated aluminum frame cladding** outside. **Also available with smooth cladding.**

Our **PermaTech™ Composite door frame system** option combines all the strength and convenience of wood with enhanced properties that make it moisture and insect resistant. PermaTech will not absorb or wick moisture and will never rot or splinter, and is covered by a Lifetime Limited Warranty.*

* No storm door applied. See full warranty for limitations

Steel L-Frame

Available on select Signet and Legacy door styles

● Aluminum door stop provides greater security and is more durable than wood.

● Energy efficient weatherstripping.

● 18-gauge steel L-frame with a 12-gauge hinge plate welded on for extra strength and security.

(NOT tested for Certified Wind Load or Impact Shield regions)

Not all Steel L-Frames are ENERGY STAR® certified. Visit provia.com website for manufacturer's certification statement.

EMBARQ® FIBERGLASS

EMBARQ SKIN OPTIONS

A NEW WAY OF THINKING

We set out on a journey to develop a new door and it expanded into a complete philosophy of creating unrivaled efficiency in home building products. We call this new way of thinking "enVision," and are proud to introduce its first creation: **Embarq** – the doorway to innovation and efficiency.

15-YEAR FINISH WARRANTY*

See pgs. 102-109 for paint and stain finishes

ALL Embarq Fiberglass Entry Systems are ENERGY STAR® Certified.

- Embarq® Mahogany
- + Embarq® Oak
- Embarq® Knotty Alder

*Warranty time period may be limited in extreme applications. See warranty for details.

Stiles and rails are dovetailed and glued at each corner creating a structurally solid, integrated frame.

To enhance efficiency and accommodate more insulation, we thickened the door and sidelites from the standard 1 1/4" to 2 1/2" which is **43% thicker** than standard exterior doors. We also engineered a **dual perimeter seal** for the entry door to create a superior barrier against drafts and energy leaks.

We engineered a channel in the side rails and header of the door to allow for a **larger energy efficient polyurethane core**. Our computer-controlled process fills every crevice with the foam barrier material resulting in **a level of energy efficiency unparalleled in the industry**.

We started from the inside out to maximize energy savings and reduce thermal loss, resulting in the most energy efficient door in the U.S. market. In fact, this door offers at least **4-times more insulating value than a typical wood door** giving an unprecedented U-Factor of 0.09 - the lowest recorded heat conduction measurement for entry doors in the U.S.

Door edge is constructed with cherry, mahogany or oak wood matching the selected series.

The authentic wood look is made possible by using cutting-edge **NVD** (Nickel Vapor Deposition) technology by MasterGrain™.

The **4 1/4" finger-jointed 4-ply hardwood strike stile** provides a solid mounting surface for Emtex® hardware and superior structural integrity.

Scientifically formulated compounds provide superior resistance to denting, splitting, cracking and warping.

The revolutionary **DuraFuse™ Finishing System featuring P³ Fusion** yields unprecedented finish durability.

Z-AC Threshold with auto-adjusting riser. Standard with anodized bronze finish.

We custom-designed a sweep to accommodate the Embarq door's added thickness. This creates a new breed of thermal barrier to keep out unwanted elements and uncomfortable temperatures.

QUAD GLASS SYSTEM

Our enVision™ innovation and technology has created a revolutionary new design utilizing a Quad Glass System. This glass system is only available for Embarq fiberglass doors and sidelites and utilizes the most energy efficient glass package available on the market today. This high performance glass system provides an optimal energy efficiency rating.

- A** Low-E Glass Surface
- B** Krypton Filled Air Space
- C** Decorative Glass Core
- D** Super Spacer[®]
- E** Tri-Seal Spacer
- F** We re-engineered our ComforTech Warm Edge Glazing System to accommodate for the extra panes of glass in this highly efficient package.

See pages 36-90 for glass availability.

SIDELITES

- Oak Grain
- ▣ Smooth Fiberglass

Only Heritage Fiberglass doors without glass are available as an Impact Shield Product.

Entry System U-Factor: As low as .14
(Tested to NFRC specifications for a 6 panel door with wood frame).
* Warranty time period may be limited in extreme applications. See warranty for details.

Polyurethane core reduces energy loss.

Improved definition panel profile creates excellent shadow lines and distinct panel designs.

Specially engineered fiberglass door facings will not dent and resist splitting, cracking and warping.

Plugless Window Trim is optional on Heritage Fiberglass (see Price List for available styles)

ZAI™ threshold has a manually-adjustable riser with complementary screw cover caps. Standard with aluminum mill finish.

1 1/8" Finger-jointed, 2-ply solid oak laminated stiles for both hinge and strike sides are proven to provide increased rigidity and structural integrity.

Variable-depth woodgrain texture with hand-applied stain imitates a wood door appearance.

Square-edge design offers an attractive wood door appearance.

Lock area is reinforced to provide a solid mounting surface for decorative hardware.

A high-performance, composite material is utilized on all Heritage fiberglass bottom rails, giving excellent rot-resistance.

LEGACY™ STEEL

LEGACY SKIN OPTIONS

Legacy Steel features add up to a professional-class product. Whether you select Legacy Woodgrain Textured Steel or Smooth Steel, our entry systems will provide an elegant, durable and energy efficient addition to any home.

10-YEAR FINISH WARRANTY*
See pgs. 102-109 for paint and stain finishes

Most Legacy Steel Entry Systems are ENERGY STAR® Certified.

Legacy Steel Doors with full-lite or half-lite decorative glass with ComforTech™ glazing will include a pane of Low-E glass in order to be ENERGY STAR certified. This includes the following styles; 150, 230, 239, 240, 350, 430, 437, 439 and 460. Since Low-E glass has a slight color tint, it is recommended that sidelites and transoms are ordered with optional Low-E pane to match the door.

CUSTOMIZE BOTH SIDES
You can customize your entry by ordering a different series, style and finish on each side of your door.

CUSTOM WIDTHS & HEIGHTS
Need a little more height or a little less width? We offer customized door and sidelite widths and heights in 1/8" increments.

FRENCH DOORS

French doors make an elegant statement like nothing else. Express your personality by creating a simple yet striking entry. Make it as ornate and beautiful as you like.

FRENCH DOOR DETAILS

- All door styles are available as a French Door
- Available with FrameSaver® or Steel L-Frame
- Hinged on each end with door knobs in the center
- Available with either left or right active door (main entryway)
- Center astragal is attached to the inactive door and includes top and bottom slide bolts (used to open inactive door)
- Available as inswing or outswing
- Header security plate standard on Frame
- Hardware Installation: locksets, deadbolts and kickplates will be installed on active and inactive doors, all other hardware on active door only
- Also available with Trilennium hardware

ASTRAGAL DETAILS

The French Door Astragal provides functionality and security

Astragal secures inactive door at top and bottom of your french door system

Lockable throw bolts improve security

Astragal bolt penetrates threshold allowing boot to seal, creating a better barrier against the elements

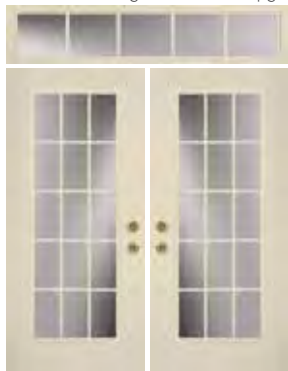

Astragal is stained to match Signet Fiberglass stained doors.

STYLES/CONFIGURATIONS

All door styles are available as a French Door.

All Entry Systems Without Glass are ENERGY STAR® Certified.

COMFORTECH™

LIFETIME LIMITED WARRANTY
Includes Glass Breakage and Seal Failure

Measurably improve thermal performance with our ComforTech™ Warm Edge Glazing System. You'll enjoy better energy efficiency and a warmer glass edge.

COMFORTECH ADVANTAGES

The NO-Metal Advantage

Mylar 10-Layer Vapor Barrier

Withstands Normal Bowing

Enhanced Noise Reduction

COMFORTECH WARM EDGE GLAZING SYSTEM IS INCLUDED IN ALL:

- Decorative Glass
- Inspirations™ Art Glass
- Privacy Glass (Except for Dialogue Layered Glass™)
- Clear Glass
- Grids (Internal, External and SDL)

GLAZING SYSTEM OPTIONS

ComforTech™ **TLK**
ComforTech™ **TLK-UV**

FLORIDA

Impact Shield Products are designed to protect your family and home against the harshest storms and deter burglars. All entry systems and patio doors in this Impact Shield Products section are wind-borne debris resistant and approved by the State of Florida. floridabuilding.org

- Impact Shield
- Certified Wind Load
- High-Velocity Hurricane Zones
(ProVia products have not been tested for use in High-Velocity Hurricane Zones)

DECORATIVE GLASS

Highly-skilled craftsmen assemble hand-beveled glass accented with a variety of unique glass options by precisely cutting, mitering and soldering each component into artistically designed patterns.

Decorative glass purposefully seeks visual character through aesthetic imperfections, while maintaining structural stability. These "imperfections" mimic the hand-made sheet glass of centuries past. They come in the form of textural waves and striations, random seeds (air bubbles) and a variety of other natural effects.

Decorative glass achieves its personality through these apparent flaws and no two sheets are ever identical. Each glass panel is hand-made and reflects minor differences from piece to piece. This is characteristic of any hand-made product and adds to the charm and beauty of the product.

We continually inspect for consistency. The patterns can vary in size and particular shapes, but pose no danger of spontaneous breakage or structural instability. Any patterns that are severely out of character with the glass are not accepted. Our goal is to provide the finest quality glass panels.

ALL* DECORATIVE GLASS:

1. ProVia Exclusive

These decorative glass designs are only found on ProVia doors. This gives your entryway a unique style that can't be found anywhere else.

2. Includes our ComforTech™ Warm Edge Glazing System

Measurably improve thermal performance with our ComforTech Warm Edge Glazing System. You'll enjoy better energy efficiency and a warmer glass edge.

3. Impact Shield available

Impact Shield Products are designed to protect your family and home against the harshest storms and help deter burglaries. Impact Shield products feature laminated glass and can withstand repeated blows from wind-borne debris or unwanted intruders.

4. Covered by a Lifetime Limited Warranty

Warranty includes glass breakage and seal failure.

*Does NOT include Dialogue Layered Glass™

Decorative Glass

Each piece of glass is meticulously inspected for consistency.

Narrow/Thin Reed

Clear Beveled

Caming

MIRAGE

DECORATIVE GLASS

Mirage offers effortless style, with narrow/thin reed glass all over, complemented by clear beveled glass. Zinc caming tops it off, making it a simple, modern and attractive design.

INSPIRATIONS™

ART GLASS

A ProVia exclusive, Inspirations Art Glass allows you to do just what the name suggests—let your doors and windows reflect the inspiration of your imagination with your choice of design and color.

DESIGNS

The process begins with conceptual design. Our twelve beautiful Inspirations Art Glass styles originated from the imagination of our in-house designers.

RESIN BEAD

The design pattern is created on our computer software, and sent to a CNC machine which applies a resin bead to the surface of the glass in one of our four stylish colors.

COLOR FILL

The color fill truly brings the glass to life. Five distinct color palettes are offered empowering you to perfectly reflect the personality of you and your home. Our craftsmen hand-apply this color fill to your glass.

OUR GUARANTEE

The resin bead and color fill are backed by our Lifetime Limited Warranty, and will not fade, blister or peel away from the glass.

SEE MORE INSPIRATIONS

Ask to see our Inspirations Art Glass brochure for available styles and color palettes, or use our ProVia app to create custom color palettes and design your dream door.

SIMULATED DIVIDED LITES

Simulated Divided Lites (SDL) are reminiscent of old world craftsmanship when separate pieces of glass were mullered together with wooden grids. We deliver that same stunning appearance through our high-tech stained fiberglass 1" wide x 1 1/32" thick grids combined with the energy efficient qualities of our ComforTech glass packages.

CRAFTSMAN

Only available for Signet Fir Series

CONTOURED

Available for all styles shown, except for Signet Fir Series

NEW

BEVELED GLASS

The beauty of beveled glass and caming combine for a distinguished take on traditional divided lights.

Each piece of beveled glass is secured with caming for the beautiful look of a true divided light, with the efficiency of a single doorlight.

STAIN FINISHES

Applied with care, by professionals. If you buy an entry system and finish it yourself, chances are it's the first door you've ever painted or stained. At ProVia®, stains are hand-applied by professional craftsmen, many who have been perfecting their work for years.

EMBARQ® & SIGNET®

EMBARQ AND SIGNET

7-STEP STAIN FINISHING SYSTEM

1. **DURAFUSE™** - Proprietary P³ Fusion Preparation Processes ensuring unprecedented finish durability
2. **HAND-APPLIED STAIN FINISH** formulated exclusively for Signet fiberglass doors
3. A layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
4. Clear coat is **OVEN-CURED** for lasting durability
5. The door is **HAND-SANDED**, preparing the surface for the second layer of clear coat
6. A second layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
7. The door is **OVEN-CURED** a second time, creating a long-lasting, durable finish

Cherry & Mahogany Stains (shown on Cherry)

Oak, Knotty Alder & Fir Stains (shown on Oak)

15-YEAR FINISH WARRANTY*

Embarq and Signet Fiberglass

*Warranty time period may be limited in extreme exposure applications. See warranty for details.

Always refer to our color selector for accurate color representation.

EMBARQ® & SIGNET® GLAZED FINISHES

Distinctive beauty achieved through a creative hand-applied finish giving each door a unique aged look.

EMBARQ AND SIGNET

9-STEP GLAZED FINISHING SYSTEM

1. **DURAFUSE™** - Proprietary P³ Fusion Preparation Processes ensuring unprecedented finish durability
2. A 2-part urethane, catalyst-hardened **BASE COAT** (prime paint) is applied

TRENDING COLORS

Color trends are always changing. ProVia's color palette has been completely refreshed to give you even more paint color options for your entry doors, vinyl windows, patio doors and Storm Doors.

All of our traditional hues have been categorized and new "trending" colors have been added, creating three very distinct color palettes to suite your taste: Natural Instincts, Freshly Picked and Stately Shades.

CUSTOM PAINT COLORS

Still searching for the perfect color?

Custom color-matching is also available on our Entry Doors, Aeris Windows and Patio Doors, Endure Windows, Patio Doors (exterior only) and Storm Doors.

Custom stains also available on Signet Fiberglass and Aeris Windows and Patio Doors.

Additional lead-time required.

HARDWARE

We offer a variety of designs and finishes, from angular to flowing, classic to contemporary, all with their own security features, unique functionality, and advanced technology. You'll be sure to find the features and design that will ensure your front door is the perfect complement to your new entryway.

TRILENNIUM[®] MULTI-POINT

HARDWARE

The Trilennium Multi-Point locking system provides more than just security. It offers homeowners better door closure and sealing than a single point lock.

- Three 1" deadbolts latch with deadbolt throw
- Deadbolts include anti-saw hardened steel pin.
- A solid I-beam runs the full length of the lock, and increases the strength and precision of the lock.
- Latch and deadbolt release with a single downward movement.

Top and bottom latch design allows for door misalignment and $\frac{3}{16}$ " pull-in when deadbolted.

ECLIPSE

Trilennium hardware is required on all 8' Signet® and Heritage™ fiberglass doors. Optional on all other fiberglass doors.

Also available on all 20-gauge Legacy steel doors.

NOT available on Steel L-Frames

Trilennium hardware has a 10-Year warranty on materials and workmanship.

Trilennium hardware is NOT available on French Doors in Certified Wind Load or Impact Shield regions.

PINNACLE (Not available in Black Finish)

TRILENNIUM HARDWARE IS AVAILABLE IN THESE FINISHES

- Lifetime Bright Brass
- Lifetime Satin Nickel
- Lifetime Flat Bronze*
- Lifetime Black

* Flat Bronze does not coordinate with Black/Bronze accessories.

Lifetime finish warranty time period is limited to five years if product is installed in a coastal region.

WESTCOTT (Not available in Bright Brass Finish)

HOPPE® MULTI-POINT

HARDWARE

Hoppe Multi-Point hardware offers the additional security of four points of latching when the door is locked, and the easy operation of one point of latching when the door is unlocked.

- Stainless Steel and other non-corrosive components.
- Anti-Back Drive prevents locking points from disengaging from the outside for added security.
- Latch Blocker on inactive systems will not allow multipoint activation until inactive system is activated.
- Lock Out Feature on interior system allows for multipoint activation from the exterior of the door by lifting handle.
- Backplate and cylinder housing are forged into one piece for improved appearance and easier installation.
- Simultaneous retraction feature enables all locking points to be retracted by pushing down on the inside handle.

HOPPE HARDWARE IS AVAILABLE IN THESE FINISHES

Lifetime Bright Brass

Lifetime Satin Nickel

(Hoppe hardware is NOT tested for Certified Wind Load or Impact Shield regions)

Lifetime finish warranty time period is limited to five years if product is installed in a coastal region.

MULTI-POINT LOCKING

(Lock body faceplate is only available in stainless steel)

A
Three Point Deadbolt lock is engaged by lifting handle upward

B
Handleset latch

TO LOCK:
Step 1: Turn thumbturn ¼ turn counterclockwise

Step 2: Lift handle upward

EMTEK's Mortise hardware features the added advantages and options that come with push-button controls.

- Push-button passage controls
For more passage and locking options
- Heavy-duty Forged Brass Construction - *For long lasting beauty*
- Solid Brass Nose Bolts on Latches - *For dependable use*
- Lifetime Mechanical Warranty
Our guarantee of value
- Lifetime Anti-tarnish Finish
Warranty - Beauty for life

Push button passage controls provide added security and peace of mind. When the upper button is pressed in, the mortise lock is only accessible by using a key.

To activate the Passage Function, push in the lower button. This will allow you to access the thumb latch without a key.

Note: As long as the Passage Function is NOT engaged, the door will lock automatically when latched, and will not allow entry without a key.

OPTIONS

The Hinge Straps, Clavos and Speakeasy are options that can give your entryway an old world look. Combine these options with our Signet® Knotty Alder Series to achieve a rustic or antique style. Hinge Straps, Clavos and Speakeasy are constructed of durable flat black aluminum.

HINGE STRAPS Available on all door styles shown on opposite page

Available as an Impact Shield product.

CLAVOS Available only on door styles shown with planks on opposite page

(002CP-449, 002CP-437, 8' 002CP-449 and 8' 002CP-437)

Available as an Impact Shield product.

SPEAKEASY Available on all door styles shown below except for 8' 002C-437 and 8' 002CP-437

NOT tested for Certified Wind Load or Impact Shield regions. (Doors with Speakeasy are not ENERGY STAR® certified.)

ProVia® does not recommend entry doors with Speakeasy applications in the Northern climate zone. We also recognize some of the North-Central climate zone areas are not suitable for this application as well. We recommend this application to be used only in the South-Central and Southern climate zones. Speakeasy applications carry a 5-year limited warranty. See price book for more details.

VINYL SLIDING PATIO DOORS

Vinyl Sliding Patio Doors are tested against the most stringent industry standards for air and water infiltration, wind load resistance, ease of operation, forced entry and much more. This means you'll have lower heating and air-conditioning costs, easier cleaning, low maintenance and increased comfort.

LIFETIME LIMITED WARRANTY
Includes Glass Breakage & Seal Failure

VINYL SLIDING PATIO DOOR IMPACT SHIELD FEATURES

All glass for Impact Shield Products is laminated to provide protection against wind-borne debris.

Additional heavy aluminum interlock on center stile adds durability and strength.

All Vinyl Sliding Patio Doors
are ENERGY STAR® Certified

Suspended by ball bearing rollers this top-hung heavy duty aluminum screen frame with BetterVue® fiberglass mesh reduces binding, creating effortless operation.

Fineline™ technology gives patio door corners a cleaner look. Standard on all laminated Endure™ patio doors with the option to upgrade on white, beige and sandstone.

Strong, multi-chamber profiles and 4⁷/₁₆" frame depth offer greater thermal efficiency and increased sound abatement. (Endure Patio Door frames have Neopor® insulation).

AccuVent™ is ProVia's proprietary design featuring a sash lever combined with a top mounted ratchet and lock system allowing multiple venting locations. Standard for Endure, optional for Aspect.

AccuVent™ has a clean, sophisticated look with an ergonomic finger-tipped lever design for ease of use.

Spring-loaded latch system automatically engages upon closing. Latch also includes interior locking feature. BetterVue® fiberglass mesh is standard; heavy-duty fiberglass, stainless steel or aluminum mesh is optional.

Galvanized steel reinforced panels.

Sill is reinforced with galvanized steel. Pair that with our patented water draining system, and the results are an efficient and durable base for our patio door.

Fixed and mobile panel rails meet and interlock perfectly, making removal from the outside virtually impossible. Lower sill design provides safer entry and exit.

The foot lock adds peace of mind when you want to leave the door open for ventilation yet keep would-be intruders out. Standard for Aspect, optional for Endure.

Patented sliding system features four adjustable 1" wheels per operating panel.

Please refer to the Endure and Aspect Patio Door Brochures for more information.

STORM DOORS

Every storm door is individually customized to the highest standards in the residential market for homeowners who appreciate impeccable, uncompromising quality.

All ProVia Storm Doors are available for use in the Impact Shield regions. While storm doors help protect your entry door from the elements, they are NOT wind-borne debris tested, and therefore are NOT considered an Impact Shield Product.

Durable, oven-baked polyester finishes are backed by a Lifetime Warranty for lasting beauty and low maintenance.

You'll appreciate the finished look of our **color matched aluminum installation screw covers**.

Smooth function is essential. That's why we include a **quality door closer** in every storm door package. Varies by model.

Our air release system features a continuous closing action without the delayed rebound action of previous generation closers.

Corrosion-proof corner gussets enhance the structural integrity of the door.

Extruded aluminum frame adds beauty to your door by virtue of the rounded cove molding along the glass edge of the extrusion.

Non-operable sashes are secured by our **color matched polycarbonate clips** or an **internal sash lock system**. Varies by model.

Each door features **quality hardware** that adds beauty and functionality to your new storm door. Varies by model.

Our **bottom expander with sweep** allows for a beautiful custom-fit to any entry. Varies by model.

STORM DOOR DETAILS

The details are the small things that set our storm doors apart from the competition. A lot of small things add up to a big difference.

12 Internal Sash Lock System

 This spring-loaded, flush mounted lock secures the glass, virtually eliminating rattles and air leaks.

CONSTRUCTION	Spectrum	Decorator	Deluxe	DuraGuard	Superview
1 InVent™ Retractable Screen System	●				
2 Outside corners are secured to corrosion-proof gaskets, for structural integrity	●	●	●	●	●

STORM DOOR PAINT FINISHING SYSTEM

Our paint process is computer controlled, ensuring professional quality every time. Paint is electrostatically applied with a vertical hydraulic reciprocator using a turbo disc that atomizes the paint particles for better coverage of contoured extrusions.

STORM DOOR PAINT COLORS

† Limited Colors. Available on entry doors and storm doors. Matching cladding and caulking not available.
