Next-level engineering.

Classic Craft complete entryway systems are designed with a full suite of premium-grade components, including ball-bearing hinges, medium-reach weatherstrip, 7-shape corner seal pads and more. Each piece is engineered with craftsman precision to create an unrivaled entry experience built to perform for a lifetime.

Premium construction, inside and out.

Highlighting the best of craftsmanship and innovation, Classic Craft premium entryways boast impressive, well-designed features and remarkable construction. The inner workings of each Classic Craft door lay the foundation for exceptional strength, security, energy efficiency and long-term performance you can depend on for years to come.

Engineered for Moisture Protection

Features composite top and bottom rails and solid hardwood edges for increased moisture and rot protection all the way around the door.

Designed with Authenticity

Features construction identical to wood doors with narrow stiles and rails, and flush-glazed glass options that are more than 10% wider* to welcome more natural light into the home.

Tested to Withstand Mother Nature

Designed and rigorously tested to withstand and protect from the damaging effects of harsh weather conditions.

Therma-Tru. Door Frame

Created specifically for Therma-Tru doors to deliver an entire entry system designed and engineered to work together to resist leaks and drafts, and help maintain energy efficiency and weather resistance.

Designed for Long-Term Performance

Features fiberglass skins that are 46% thicker* for added durability and better long-term performance.

Triple-Pane Construction

Most decorative, privacy and textured glass panels are enclosed between tempered glass, offering superior quality and thermal performance.

Crafted for a True-to-Wood Appearance

Revolutionary AccuGrain technology replicates authentic natural wood textures for a look and feel that is virtually indistinguishable from real wood.

Built for Strength and Security

Constructed with a 4" wide board of engineered lumber that runs the full length of the locking side of the door for a solid natural wood feel that makes Classic Craft doors 50% stronger and 30% heavier.*

Constructed for Energy Efficiency

Built with a high-performance polyurethane foam core that is four times more energy efficient than wood.**

True-to-Wood Origins

Revel in the handcrafted look and feel of a premium fiberglass entryway with true-to-wood origins. Discover exquisite textures with grains hand selected from the finest natural wood species and meticulously recreated with our revolutionary AccuGrain® technology.

AccuGrain®
TECHNOLOGY

Fir Grain

Designed to echo the grain of the largest species of American Hemlocks – the Western Hemlock tree – found in lush coastal rainforests of the Pacific Northwest.

Walnut Grain

Crafted to reflect the prized hardwood of the mighty Black Walnut trees, these doors feature a horizontal grain with natural movement accented by delicate arches and cathedrals.

Mahogany Grain

Derived from the finest African and Honduran Mahogany, blending rustic influences with exotic roots to build upon the rich history of one of the most renowned woods in the world.

Oak Grain

Designed to emulate the unique characteristics of Red Oak trees, embodying the look and feel of one of the most popular wood grains of all time.

Canvas

Inspired by the world's most exquisite masterpieces and designed with the architectural character of finely sanded wood.

Unique style.
Unmatched craftsmanship.

A one-of-a-kind experience.

Captivate the senses with remarkably authentic wood grains, exquisite handcrafted glass and sumptuous design details found only in Classic Craft.
