

Richard with PAS and I have been working together for several months, and I give him my highest recommendation.

WealthVest is a rapidly growing distributor in broker/dealers, and we are hiring for numerous territories nationwide.

Richard and PAS have done a phenomenal job identifying very high quality candidates, vetting them for suitability, and then scheduling all conversations, interviews and follow ups leading to affiliation with WealthVest.

PAS has singularly, through their relationships and process, been responsible for helping me develop a world class sales team.

I can say without reservation that our recruiting success has been greatly enhanced, due to the diligent and professional approach to the recruiting of top notch sales professionals, by Richard and his staff at PAS.
