NOTICE - NO SWIMMING IN ANY LAKES. ICE FISH AT
OWN RISK. NO FEEDING OF WATERFOWL

FROM THE MAYOR'S DESK

Village Snow Plowing Reminder- Rod's priority is to clear the bus route roads first.

Attached is a news release of the Wayne Healthcare with Premier Health merger.

Our thanks to Darke County Parks for their continued grant supports for our village. They have made a great impact on all of Darke County's many parks. The Darke County Parks, themselves, are fantastic, visit them. They can always use donations and volunteers.

Our Hall of Fame Committee nominated and accepted Ted and Karen Sink for their outstanding contribution to our village. A certificate was presented and their names added to our wall plaque. If you feel someone should be nominated, let us know.

It has been a busy year working on grants and plans to upgrade our beach concessions and restrooms to meet the new health codes.

I want to thank our council members for their dedication and support throughout the year.

If we get volunteers, we will have limb chipping in the Spring.

The leaf and grass drop off was heavily used. Thanks for not putting garbage at the drop off.

Thanks to everyone who uses our recycle bins. This saves tons and tons of waste NOT going to the landfill.

We are looking into a water supply system to help keep lakes full during drought periods, and adding fountains to several lakes; hopefully getting grants to help with these.

Following is my prayer for the New Year:

Lord, I pray for the day we don't have to send our young men and women into battle.

I pray for the end of atrocities committed in the name of religion.

I pray that you, dear Lord, are at the center of each person's heart.

I pray we can experience heaven on earth.

I pray the lonely find someone, the sick are healed, the poor find riches,

the people losing loved ones find an inner peace, and above all,

Watch over our dear, departed family and friends.

Amen

HAPPY NEW YEAR TO ALL!

Mayor Gary Young

COMING EVENTS

Hard copies will then be available at the Gatehouse and
Community Building for those without email access.

To receive the newsletter by email, please contact: waynelakesnews2016@gmail.com
Please include your name.

Darke DD COLLECTING CAPS

Darke DD (Darke County Board of Developmental Disabilities) along with Greenville Kiwanis AKtion Club members are collecting caps/lids to be recycled for a bench to be placed on the bike path that goes behind our Administrative offices on Jaysville St. Johns Road. Thanks, Sue Huston~ Community First Department~Community Connections Coordinator

>*>Those in Wayne Lakes who are interested in helping with this great project may drop off caps and lids at our house, 3810 West Drive. It's easy, just pull up and hook a bag with clean caps in it on one of our gates. I will be giving them to Sue at our BPW meeting each month while this drive is going. Thanks, Karen Sink

Wayne HealthCare, Premier Health Announce Intent to Affiliate

Wayne HealthCare and Premier Health announced today the consideration of a new Joint Venture, subject to the approval of the Wayne Hospital Company on March 23, 2017. With this agreement, Wayne HealthCare develops an affiliate relationship with Premier Health, while still maintaining independent local control. This joint venture provides opportunities to work more closely together in areas such as strategic development at the hospital and system level, possible group economies of scale in purchasing, along with education and training.

Future projects will include support from Premier Health for the Wayne HealthCare master facility plan that includes a three-story building to house a new obstetrical center, wellness center, a 28-private bed telemetry inpatient unit and a replacement for the Wayne Medical Building. This important addition will complete the hospital's master facility plan.

This further long term collaboration to enhance health care services is designed to improve hospital operational efficiency and help decrease the cost of care as well. Keeping the services close to home provides convenience to community members, reduces drive time, and increases access to the care they need in a familiar setting.

The joint venture will be structured in a seven year contractual relationship. At the end of the contract term, Wayne HealthCare will have the right to continue the relationship without change, request a restructuring of the contract elements or dissolve the joint Venture. During the contract period Premier will make a \$13 million investment in Wayne HealthCare. In return, Premier will be entitled to a one-third representation on the Wayne HealthCare Board. Wayne HealthCare will have two ex-officio nonvoting seats on the Premier Board. In addition, Wayne HealthCare senior leadership and physicians will participate in applicable Premier leadership conferences and planning sessions.

Wayne HealthCare and Premier Health share similar missions and visions to provide quality care and wellness close to home and to build healthier communities. The new Joint Venture reflects a strong and enduring commitment to make a positive difference for individuals and the community as a whole.

"We are proud to be working even more closely with everyone at Wayne HealthCare and the Greenville community", said Mary Boosalis, president of Premier Health. "We are committed to working together and learning from each other to provide more convenient and accessible care options close to home."

"Over the years our mission and vision have guided us and this new venture reflects well thought out steps for the future," said Wayne Deschambeau, president and CEO of Wayne HealthCare. "We are excited to build upon a proven record of success with an organization that is committed to enhance healthcare right here in Greenville.

This next step in a long standing collaborative relationship, builds upon several already successful endeavors including the Wayne Cancer Center, a tele-stroke program, and the Good Samaritan Health

About Wayne HealthCare

Wayne HealthCare (www.waynehealthcare.org) is a rural, 92-bed non-profit acute care hospital located in Greenville, Ohio. The hospital provides inpatient and outpatient services to patients in the Darke County community, including cancer care, telemedicine, perioperative services and community wellness. With approximately 450 employees and 250 credentialed providers, Wayne HealthCare is proud to be an independent hospital in Southwest Ohio.

About Premier Health

Based in Dayton, Ohio, premier Health (www.premierhealth.com) has a mission to improve the health of the communities it serves. The health system operates four hospitals: Miami Valley Hospital with an additional site at Miami Valley Hospital South; Good Samaritan Hospital; Atrium Medical Center; and Upper Valley Medical Center. In addition, the health system offers a large primary and specialty care network, along with home health services. The health system is the second largest employer in the region and is the largest health-care system in Southwest Ohio. ■
