NO SWIMMING ANY LAKES
NO FEEDING OF WATERFOWL

Happy Mother's Day! As many gardeners know there is a common rule of thumb that advises when it's okay to start planting flowers and vegetables. You should hold off on planting until after Mother's Day. Our own FOWL members held their Spring Clean Up 2020 at the community building. It's always amazing what fresh mulch, raked twigs, branch pick up, weed pulling and leaf blowing can accomplish. The community building is all set for 2020 guests.

Event cancellations. Council has made some tough decisions surrounding this pandemic and what it means for our local residents and outside visitors. It is with a heavy heart the cancelling of Hooked on Fishing Not on Drugs for 2020. Discussions took place on how realistic it was for groups of our children accompanied by volunteers and the likelihood of social distancing being possible. Not likely. Included in the cancellations, The Beach is not opening for a 2020 season. Covid 19 restrictions and timing make it included on our list of closures.

Some good news! Road repairs and patching will begin soon. Letters will be sent out to the neighborhoods included with the time scheduled.

Doing some spring cleanup on your property? If you have branches and would like to get help with the village chipper, please call the village office to schedule an appointment. We are asking residents to have supporting individuals able to help with this branch gathering.

Brice with Access Engineering and the Wayne Lakes Sewer committee continue work on the upcoming project. Updates include a recent kick off meeting with the US Army Corp of Engineers. A list of required information is being provided regarding our project to help us maximize our grant opportunity. We are continuing to ask all Wayne Lakes residents to call in to the village office to update our mailing list with updated contact information.

The first mosquito spraying for the 2020 season is currently scheduled for Thursday, May 21, 2020 at 10:00pm.

Next council meeting Monday, June 8, 7:00pm in the council meeting room. Due to Covid 19 restrictions, the meeting is livestreamed on our village Facebook page. Residents can call in or email council members for any questions or concerns.

In closing, for Covid-19 updates and prevention tips please refer to the website <https://www.cdc.gov/coronavirus>.

Respectfully Submitted,

Linda Clark
