

Dear Santa

My name is _____ and I am _____ years old.

I am writing to say thank you for all the presents you have delivered to me every Christmas. Now that I am a bit older, I understand how hard it must be for you to get to every boy and girl in one evening.

I have decided that, now that I'm older, I would like to help you by asking that you only give presents to younger children. I will ask my Dad to get the gifts I want each Christmas from now on.

I promise I will still believe in the magic of Christmas and of you too, Santa. And I'll still leave a mince pie and milk out just in case you drop by for my younger brother and sister or you just want to pop in to say hi!

Thank you for everything Santa and I hope you have a little extra time to deliver all your gifts!

Love _____ aged _____

Merry Christmas
