

## Client Testimonial

Bob Benda flew with me when we returned my Bonanza from Wichita to Baltimore. As a certified Bonanza Pilot Proficiency Program CFII, Bob provided me with great insights on my Bonanza during our long flight. I have continued to rely on Bob for additional perspectives not only on Bonanzas but on other important aviation issues, as well. I also appreciate Bob's commitment, passion and support of Public Benefit Flying and its positive impact on pilots and their local communities.
