BOLD AND BEAUTIFUL

New Perlican Welcomes You

Newfoundland has some of the world's most bold and beautiful colors, with unique wildlife, and spectacular landscapes, including many heritage sites.

In and surrounding New Perlican you can see brightly colored fishing stages, whales and seabirds from the coast, as well as the occasional iceberg!

PLACES TO VISIT

Heart's Content Cable Station

In July 1866, after nine years and several unsuccessful attempts, the first permanent telegraph cable connecting Europe and North America was hauled ashore at Heart's Content.

Wooden Boat Museum of Newfoundland and Labrador

Located in Winterton, one of the many communities with a rich history of wooden boat building. It is here, through ongoing exhibits and workshops with descendants of wooden boat building masters, that a unique local legacy lives on.
