Arrival

Address

- Our condo address is **59 Haynesville Ave Unit 8, Conway NH 02453**
- Off of Route 113 (which is East Main Street) take VFW Street, Haynesville Ave is located off of VFW Street
 - o There are three buildings in the condo complex (labeled above) with three separate parking lots
 - o When you turn onto Haynesville Ave, our building is after the second lamp post on the left (condo building 2 above)
- We are the second to last unit (Unit 8) all the way to the right of the complex (orange arrow above) when you pull into the parking lot
- As a reminder check-in is at 4 pm on the day that your booking begins

Parking

- You can park one car right in the front of the door (we only have one spot in front of the condo)
- All additional vehicles can be parked on the other side (right) of the parking lot
- If snow is expected please park on the far side of the parking lot to allow the plow to clear the buildings front parking area first, once the plow has come through you should move cars to the cleared area to allow clearing of the far side of the lot.

Entry

- The front door has an electronic lock for easy key-less entry
- To use:
 1. Enter the numbers we provided to you to unlock it followed by the “LOCK” button - this is your personal code and will expire after you check-out
 2. Hitting just the “LOCK” button when it is unlocked, locks it
 3. **CAUTION: Do not lock the door knob from the inside, only use the above deadbolt.** If you accidentally lock yourself out in this manner please contact us immediately.
- The back-slider door has a wooden stick to lock it and a manual door lock

Heat and A/C

All rooms have electric baseboards. There is a gas fireplace/stove and a window A/C unit installed seasonally in each room.

- Instructions for the electric baseboards:
 - o There are thermostats in all bedrooms, the bathroom, and the living room to control the electric baseboards.
- Instructions for the fireplace:
 - o The remote is on the coffee table. When you use it, it helps to face the remote right at the unit. After a second the flame should ignite. This unit is way more effective than the electric baseboards at heating up the room, we recommend you use it first.

During your Stay

Kitchen

- We provide all the basic utensils you need to cook your own meals during your stay: pots, pans, cooking oil, spices...explore and you will find what you need
- There is a combo, single cup Keurig style machine plus coffee pot and coffee filters if you want to bring/buy your own coffee or K-cups
- Groceries - There is a Shaw's, Super Walmart, and Hannaford about a 10-minute drive away for food supplies. These supermarkets also sell beer and wine (we have a corkscrew and bottle opener in the kitchen).
 - o There is also a NH State Liquor & Wine Outlet 5 minutes away
 - Address: 234 White Mtn Hwy Suite 9. Conway, NH 03818
- We may leave a few nonperishable items in the cupboards or freezer. We'd really appreciate them still being there when next we visit.

Grill (seasonal)

- Please feel free to use the propane grill off the back deck
- Please keep the grill on the ground and do not move onto the deck
- Grilling utensils are located in a black case in an upper cabinet
- A fire extinguisher and fire blanket are located under the kitchen sink – please make sure you locate it *before* you start grilling in case it was moved by another guest or our cleaning staff and you can't find it when you need it!

Bedding/Towels

- All rooms have clean bedding and towels
- Pillows and blankets for the pull-out daybed can be found in the 3 drawers of the daybed – This bed extends to a king size by pulling out the front like a large drawer. It's a bit of a job to slide it in and out and requires two people because the slats can get stuck on the frame if it's extended out too far. Please don't force it shut. If you pull it out and can't get it closed with gentle pressure just leave it open and we'll take care of it. An easier option for creating two twin beds from the daybed is to take one of the two stacked twin mattresses and place it on the floor.

Water

- We have a 40-gallon hot water tank. This is enough to take a number of showers in a row, however if you run out of hot water, just give it a little bit of time to heat back up!
- Please only flush toilet paper down the toilet. Wipes, feminine products, etc should be put in the trash can.

TV/Internet

- We do not have cable, but we do have a Roku Smart TV in the living room and Amazon Firesticks on all 4 TV's. **Please do not purchase or rent content via any of my logged in accounts!**
- Bedroom TVs: The firesticks are the primary device on all three bedroom TV's. The Fire Stick remote controls also power on the TV's so that's the only remote you should need. The 3rd floor bunkroom TV has adult content restricted on Netflix.
- Living Room TV is a Roku smart TV. You can login into your own Netflix account there via the main screen. **Please remember to log- out of your account prior to leaving!** Use the Roku remote to turn it on and navigate to apps. You can access the Amazon Fire Stick via HDMI3. Once there use the Amazon Fire Stick remote to navigate. I have left my Amazon Video, Netflix and Disney + accounts logged in for your convenience. Please use the guest accounts for viewing where applicable.
- How to log-in to your account:
 - Netflix
 - Turn on the TV via Roku remote
 - Select the Netflix app
 - Select **Sign In**. If you do not see **Sign In**, select Yes on the Are you a member of **Netflix**? screen. If you are not yet a member, set up your membership online.

- Extra toilet paper is located under the bathroom sink and on top of the washing machine
- Trash bags, paper towels, cleaning supplies, and dishwasher detergent is located under the kitchen sink or the lower cabinet to the right of the sink

- You will notice the entryway closet door is locked, as well as the under-eave storage doors on the second and third floor. These are private storage closets where we keep our personal items.

Laundry

- If you need to do laundry, it is in the upstairs bathroom.
- Please don't over load the machine, stuffing in bulky items can lead to flooding -

 - **Recyclables should NOT be in a plastic bag. Please empty the contents of the recyclables into the bin and then throw the plastic bag in the trash. The plastic clogs the recyclable machine.**
