Water day consist of water activities in the morning. The water activities involve sprinklers, water toys, bubbles , games, etc. The day your child participates in their water day, we ask that your child be brought to school wearing their swim suits under their clothes as well as an application of sunscreen. Your child must have water shoes to participate. When the water activities are over, the children will be dressed in the clothes that they wore to school that day. Please bring a bag for wet items and a towel for drying. We are excited about spending WATER FUN DAY with your child !

### FIRE SAFETY

On Thursday, June 19th the Fire Department will be bring the Fire Safety House to our school. The Fire Safety House is a trailer that is utilized to simulate a residence with fire hazards that may exist. The students are taught lessons about fire prevention in the home. We appreciate this service that Knox County offers to our community.

The Knox County Sheriff's Department and Child Creations are teaming up together to present the Keeping Kids Safe curriculum. Officer Rachel Goodman will present various safety programs every Tuesday in the month of June at our center. Rachel is a former teacher and an excellent communicator ! The programs are outlined in our June calendar.
