Other Products

Product Sourcing

We provide complete assistance in sourcing and procurement of products from China in **bulk and in small**. We provide end-to-end services in sourcing, purchase, quality checks, certifications, shipping, customs, local delivery & installation.

Our Sourcing Model

A&J Part Involvement	We liaison between the Chinese Supplier and the Buyer to provide selective services listed here (identify the required products, perform checks, price negotiation, supplier credibility checks, product testing, Q&A checks, document translation, shipping & insurance etc.). In this model, the client will have to deal with multiple parties including A&J.
A&J Complete Involvement	The client will deal with A&J as the primary point of contact as we will handle the entire transaction on the client's behalf. We will provide all/ majority of the services listed above. This will be an end-to-end service model.

Schools

Offices

Governments

Kids Play Area

Hospitals

Residence etc.

School Furniture

Hearing Devices

We assist in the sourcing of high-quality cochlear implants and speech processors. The device has a C- tone pre-processing algorithm that ensures an enhanced lexical tone perception.

Key features of the device:

- Bluetooth LE-compatible on the body-worn processor
- APP-style user interface, supports bilateral implants
- Neural Response Management (NRM) telemetry
- 2.4-inch touch screen remote with a battery life of 50+hours
- APP-style user interface that supports bilateral implants

Hear Better, Live Better!

Other Opportunities

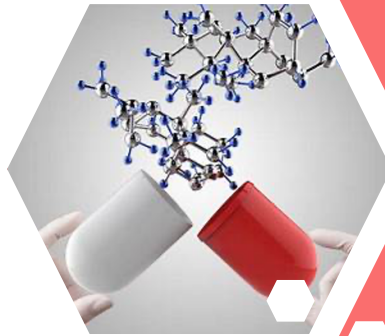

We also assist in the sourcing of valves, pipes, carbide drilling tips etc.

Industrial components

We help you establish cooperation with auto companies/ parts suppliers to meet your needs

Pharmaceuticals & Health

We help you source raw materials (API), intermediaries, or finished products in pharma. Also, source nutraceuticals, health monitoring, screening devices etc.

Metal Manufacturing & Recycling

We assist in sourcing secondary raw materials and establish a waste removal business

Automotive Components

With our footprint in the metal, glass, electronics industry, we can assist with complete machinery purchase

Other Opportunities

We also source consumables like food and cosmetics and other daily use products

Consumables

Luxury and Premium Products

Hi- Tech Components

Ceramic Tiles

Toys and Other Devices

We assist in sourcing toys, drones, devices etc.

We can source high-quality tiles, marbles, granite, home décor etc.

We assist in sourcing various luxury and premium products from top brands, exclusive collections, “not in commercial market” sale

We source various Hi-Tech components as finished products, product intermediaries or that can be used for R&D
