

lookbook 2020

Global Affairs cares...

Our aim is to produce - in cooperation with our valued suppliers - in a fair and sustainable way the nicest and cutest collection for the next generation. The path we took years ago, is increasingly taking shape. There is still a long way to go, but we will get there!

We already use recycled filling for our soft toys, we strive to use organic or other sustainable materials, the yarns for the soft toys are OEKO-TEX certified, and we use less and recycled packaging material. Our suppliers are either certified or in the process of certification through BSCI and SEDEX, and we use our Global Code of Conduct to check if our suppliers keep on track in producing according our ethics.

You can find the new collection - which again is beautifully designed by our creative director, Marije Couprie - in this lookbook. The lookbook can be used alongside our 2019-2020 annual catalogue.

Enjoy!
