**Hart Snows Them Under
At the Snowstorm Open!**

Patrick Hart Wins 19th Annual Snowstorm Open

Charleston's own Patrick Hart led all the way, and won the 1991 Snowstorm Open with a score of four wins and one draw. The tournament was played in Charleston over the weekend of February 23-24. Hart, who is also the SCCA Treasurer, conceded a draw to Brad Jeffers in Round 4, but won the event with a defeat of Paul Tinkler in the last round. Jeffers gave up another draw to John Vonderlieth, and so finished tied for second with James Chaffin.

Twenty-eight players participated in the annual event, which was directed by Doug Holmes. A notable performance was turned in by high school junior Bryce Harrison, who could play only three rounds, but scored two wins and a draw with Tinkler in those three.

Crosstables of the event are elsewhere in this issue. We regret we have no games, but invite contributions from the participants for our next issue.

Spartanburg

The Spartanburg club held a one-day event January 19 that included a set of quads and a junior tournament. We don't have a full set of results, but can report that the top section was won by Lee Hyder ahead of Spencer Mathews, Harold Bush, and Curtis Graham. The following game from the event is an addition to our collection of successes with the exchange variation of the Caro-Kann. Lee Hyder was White against Spencer Mathews.

1991 Scholastic State Championship

--Harrison Shows His Talent--

By Doug Holmes

The 1991 South Carolina Scholastic State Championship was held in Charleston on March 9th. There were a total of 50 participants making up two divisions.

In the high school section there were 37 students, mostly represented by Stratford High, the Governor's School, and Saluda High. Other schools participating in this section were Bishop England, St. Andrews, and Burke from Charleston County, Battery Creek from the Beaufort area, and one student from Southside High.

Bryce Harrison won the high school section for the second consecutive year. Just a few weeks earlier, Bryce played in the first three rounds of the Charleston Classic. He won his first two games in that tournament, including a win over expert Paul Tinkler in the second round, and drew his third game against Kyle Oody. He was unable to participate on Sunday because of his religious obligations. In the Scholastic Tournament Bryce continued his outstanding results with a 5-0 score.

Bryce has shown that he has no competition among his peers in school, and he has a year left! His USCF rating should now be above 1900, and

his USCF postal rating is above 2100 after 17 games.

Second place in this section went to Kim Turok, who scored 4.5-0.5. Third on tiebreaks went to Daryl Dowty, who lost only to Harrison and scored 4-1. Tied with Dowty were Eli Wiggins of Southside (who won the top under 1400 trophy), Brian Thrumond of Governor's School, and David Kline of Battery Creek. Harrison, Turok, and Dowty are all from Stratford; needless to say, Stratford won the team championship with 16.5 of 20 on the top four boards.

The middle school section (K-8) was lightly attended; there were 13 entrants, and nine of these were from College Park Middle School. Other schools participating were Pinewood School and Alston Middle School from Charleston County, and Jessie Boyd Elementary from the upper state.

The middle school championship was won by 1989 champion Kurt Sattelmeyer, with a perfect 4-0 score. His only competition was from his own College Park Middle School. Kurt defeated 3rd place finisher Lorenzo Binns, 2nd place Jonathan Dowty (Daryl's brother), pre-tournament favorite Cliff Chapman, and consistently high finishing Trey Moten. All of these are from College Park, as was Michael Peterson, who tied for 3rd with Binns. Naturally, College Park won the team competition! Brandon Bowers of Alston Middle School scored 2-2 for top under 1100. (Continued next page)

Scholastics, Continued

I would like to thank particularly Bill Carver and John Crawford. Bill is the organizer at College Park Middle. Oh, if only we had 100 Bill Carvers in this state! Many of you know John Crawford. I think he helped me direct every scholastic tournament for the past two years. John has always been there, even though calls for help brought no others.

I would also like to commend the following organizers for their dedication. I have been a teacher, and I know what it is like to find extra time to organize extra-curricular activities. So let's hear it for Dean Roesner (Saluda High), Clyde Smith (Governor's School), Robin Matteson (Battery Creek), Charley Johnson (Bishop England), and last, but certainly not least, Peggy Sattelmeyer (Stratford). Peggy has in her school the three best high school players in the state, and her son is the middle school champ. Enough said!

Due to the lack of help by fellow chess players from our SCCA community, and a lack of student support, one has to wonder if there will be a scholastic state championship next year. If middle school attendance is a sign of the future, then we are in serious trouble. One also has to wonder where it will be held if it is held. What effect would moving it to Columbia have? Personally, I must say that I am losing interest.

Notes from the Editor

We have a serious problem in the SCCA, and we need your help. The problem is that the Secretary has not provided an up-to-date mailing list to me for mailing *Palmetto Chess* since I assumed responsibility for this late last year. The winter issue was mailed using an older list provided by Pat Hart, and such additional names as I was able to find or obtain from some of our organizers. I know that there are people who were left out, because I didn't know how to get in touch with them. This issue will be in the same situation, unless the list is provided. So far no amount of entreaty by our other officers has produced it.

I ask that you speak to your friends, and if they are not receiving *Palmetto Chess*, despite an up-to-date membership, have them get in touch with me, or with Pat Hart. We will do our best to correct this.

Also, we ask that new memberships and membership renewals be sent directly to Pat. His address appears on our back cover.

This incident points up the importance of the office of Secretary to the SCCA. It appears that we will need a new one in the fall, and our officers will be looking for someone who can maintain an up-to-date membership list and communicate reliably and promptly.

Cooley Wins Can-Am Warmup

Allen Cooley reports that he won the Can-Am Warmup in Myrtle Beach February 16, with a score of 4-0. We hope to have more details in our next issue. Meanwhile, Allen has sent us his last round game against an unnamed opponent. Cooley was Black, and has added the punctuation marks shown below.

A Word from the (Far) North! Games from the N. Y. Open

Klaus Pohl writes us from Montreal. (!) He has been there working since February, which accounts for his absence at the recent Charleston tournament. Other players may take heed: Klaus says "I'll be back soon, and if the tournament I won on Saturday--a 5SS Active event against IM and IM caliber players--is any indication, I'm not over the hill yet. The good things away from home are I can concentrate on chess and play blitz events every Friday and Saturday night."

Come back soon, Klaus, but we await your return with apprehension!

What Does South Carolina Chess Need?

Our President, Doug Holmes shows some discouragement elsewhere in this issue, because the scholastic chess activity hasn't grown despite his best efforts. Historically, fifty players isn't bad, but they are mostly from the Charleston area.

I think the players are there, adult and junior. Spartanburg had a nice turnout at a junior event on relatively little notice. What we need are more clubs, and more organizers to hold tournaments.

Consider doing something about it yourself. It's not hard to get to be a TD, or to find other players. Give it a try!

We haven't many games from S. C. this time, so we offer here for our students some games we have obtained from the latter rounds of the N. Y. Open. Let us know if you like this feature!
