

# NEW CAPE COD

*Red Peters with The Alan Pinchloaf Singers*

If you're fond of gay bars and crowded malls  
girls with tattoos and men who shave their balls  
you're sure to fall in love with new Cape Cod

Spend your time in traffic on a quaint Falmouth street  
nude beach in Truro makes you want to beat your meat  
you're gonna fall in love with new Cape Cod

*bridge*

Asshole tourists that will aggravate you  
Dinks from Long Island you know they suck too  
getting mugged one early Sunday morn  
reminds you of the slum where you were born

Pick-up a hitchhiker along the way  
have him spend an evening, you'll end up gay  
you're sure to fall in love with new Cape Cod

*(flourish)*

if you drop your wallet down in old Provincetown  
kick it to Hyannis before you bend down

you're sure to fall in love with new Cape Cod.  
you're sure to fall in love with new Cape Cod.
