

USE YOUR HAND

Red Peters with Three Dog Mouth

Yesterday when we spoke
you said you'd do anything
anything I asked you to do
yesterday when we spoke
you promised me love and affection
and honey I'm long overdue

but when I see you
I know that things aren't looking right
there is something about you
that says "no, not tonite."

when I'm all backed up
how can you leave me this way
you gotta do me a favor
and this is all I'll say...

Use Your Hand

Use Your Hand

Use Your Hand

Use Your Hand On Me

Use Your Hand (use your hand)

Use Your Hand (use your hand)

Use Your Hand

Use Your Hand On Me

now we're sitting side by side
in the backseat of my car
but everytime I reach for anything
I don't get very far
I can see you're hot and heavy
you're soaking up my seat
can't you see my balls are blue
my face red as a beet

when I'm all backed up
how can you leave me this way

you gotta do me a favor
and this is all I'll say...

Use Your Hand
Use Your Hand
Use Your Hand
Use Your Hand On Me
Use Your Hand (use your hand)
Use Your Hand (use your hand)
Use Your Hand
Use Your Hand On Me
