

# The Preserve at Poplar Tree

## Memo from the Architectural Review Committee (ARC)

12 June 2020

The Architectural Review Committee (ARC) has recently approved five paint colors for purposes of painting residential front doors a different color. These five authorized colors are:

225 - Old Colonial Red

227 - Williamsburg (Blue)

220 - Georgetown Green

118 - Colonial White

200 - Black

Numbers above are manufacturer's numbers. These numbers, along with the name McCormick Paints, can be Googled to view the colors. Also, there is a McCormick's store on the west side of Lee Road just a couple of blocks from our local Costco store.

Change of door color will require submission of an application to the ARC. Painting will be allowed only upon approval of the application by the ARC. Application forms, as well as our community's Architectural and Design Guidelines, can be found and printed out at our community's Web Site: [preservehoa.org](http://preservehoa.org).

Many thanks to you for your help in maintaining the architectural integrity and beauty of our community.
